Made, Known, Loved - Ross Murray 2021-04-20

Through the debates about the inclusion of LGBTQ people in the life of the church, one overlooked community is LGBTQ youth. Made, Known, Loved: Developing LGBTQ-Inclusive Youth Ministry builds on experience and wisdom cultivated through The Naming Project, a ministry created at the intersection of youth, faith, and LGBTQ identity. Formed at a time when the overlap of such categories was unthinkable, The Naming Project provides a place where youth of all sexual orientations and gender identities can be safe and affirmed in their identity and faith.

Because of that foundational work, other pastors and youth ministers often reach out to leaders of The Naming Project with their questions about LGBTQ-inclusive youth ministry. Made, Known, Loved provides the guidance these leaders have been asking for. The book first helps congregation leaders and parents examine the values of the congregation and youth group. It focuses on keeping young people, including LGBTQ youth, safe and helping them feel respected and see themselves as beloved children of God. The book also provides a how-to manual for LGBTQ-inclusive youth ministry, sharing the best procedures and practices from the fifteen-plus years of The Naming Project's ministry, including its ongoing summer camp. Made, Known, Loved shows congregations how to create a program that affirms LGBTQ youth in their faith and their identity, accepts and welcomes diverse sexual orientations and gender identities, and equips future leaders for the church and the LGBTQ community.

Challenges Surrounding the Education of Children with Chronic Diseases - Gordon, Maria 2015-10-02

While governing bodies have mandated that all students have the right to an education, with disabled students treated to the same rights and opportunities as non-disabled students, policymakers do not always agree on what all-inclusive education should look like. Challenges Surrounding the Education of Children with Chronic Diseases explores the needs that children with certain conditions—such as diabetes, cancer, juvenile idiopathic arthritis, and inflammatory bowel disease—might have in the classroom. Featuring coverage on a wide range of topics relating to pre-service teacher training, school administrators' policies, and the experiences of children with chronic health conditions, this book is an essential reference source for teachers, educators, school administrators, policymakers, and anyone else concerned with inclusive educational rights for all students.

Child Safety Guidelines for Local Churches - Roger N. McNamara
2010-10

Child Safety Guidelines for Local Churches deals with the sensitive subject of child sexual abuse and what churches can do to protect children under their care while at the same time minimizing their own liability. Prevention and training are critical elements in developing a structure that ensures the safety of children while they are in God's house. Sadly, many churches are unprepared to combat the possibility of the unthinkable happening to one of their precious little ones. By not taking reasonable precautions, they not only endanger the welfare of their youngsters, but are subject to charges of gross negligence and significant financial judgments against their congregations. The author outlines numerous steps that any congregation can take to protect both the children and churches they serve. ROGER MCNAMARA is a veteran pastor, missionary, and church planter with more than forty-six years of experience in local church ministry in Latin America and the United States. He has started and worked in half a dozen churches over the past four decades, and now serves as the Church Planting Training Specialist for Baptist Mid-Missions. In this capacity, he works with churches and church planters throughout the United States and Canada teaching, training, and mentoring church leaders. He also serves in a number of leadership positions within the Baptist Mid-Missions' TEAM NORTH AMERICA as well as the registrar for the School of Church Planting. He has published two other books and several leadership training manuals.

Guidelines Manual - United States Sentencing Commission 1988-10

Youth policy manual for Arab countries - Finn Yrjar Denstad
2016-10-01

The EU-CoE youth partnership stems from the close relations that the Council of Europe and the European Commission have developed in the youth field over the years since 1998. The overall goal is to foster synergies between the youth-oriented activities of the two institutions. The specific themes are participation/citizenship, social inclusion, recognition and quality of youth work. What is youth policy, and what major elements should a national youth policy strategy include? How can young people be consulted and otherwise involved in developing youth policy? How do institutions such as the European Union, the Council of Europe and the United Nations address youth policy, and how can this work be concretely linked to the efforts of a national government to develop a youth policy agenda? How is youth policy organised in specific countries of the Middle East and North Africa (MENA) region? These are some of the essential questions addressed in this publication. The Youth policy manual should be considered a source work, a tool and a helpful guide both for policy makers in the youth field and for non-governmental organisations and other stakeholder groups who advocate improved youth policy at the national level. This manual proposes one possible model for how a national youth policy strategy can be developed. It is a revised version of the Youth policy manual (2009) and takes into account relevant specificities of the MENA region.

Family Ministry Field Guide - Timothy Paul Jones 2011

"Scripture calls parents to train their children in the faith and to nurture their children's souls. Yet few parents actively engage in their children's

spiritual development. How can churches best equip families to engage in their divine calling to disciple their children? Family ministry expert Dr. Timothy Paul Jones guides church leaders to develop a ministry system that equips parents to be the primary faith-trainers in their children's lives, moving beyond mere programming into a deeper spiritual life at home, within the church, and beyond. This resource is for leaders in the trenches--those who: see parents disengaging from their children's spiritual development; see too many students leave for college and drop out of church; have heard of 'family ministry,' and just want to know more; or are frustrated with programmed ministries that fail to produce results. Based on solid research, this field guide unpacks how real-life churches can narrow the gap between present reality and the biblical ideal of faith-nurturing families" -- Publisher description.

Plan to Protect: Us Edition - Carol Wiebe 2016-07-11

Plan to Protect (TM) A protection plan for children and youth; A protection plan for those who work with them. Plan to Protect (TM) is not about what we need to do to run programs and activities, and it is not about placing a hardship on your staff and volunteers. Abuse prevention and protection of children and young people is not something we have to do, but something we have the privilege of doing. It is a privilege to create a safe environment in order to have our communities trust us with their family members. As you implement Plan to Protect (TM) your efforts are a ministry in itself to: protect children protect young people demonstrate your care for your staff and volunteers demonstrate care to parents and family members empower and nurture the healing of victim-survivors demonstrate grace, restoration and welcome to the offender that comes into your church demonstrate accountability and integrity and bring Glory to God "Children are among society's most vulnerable members, and child-serving organizations must make the protection of children a key concern. World Vision believes child protection standards are an essential tool to help safeguard children from exploitation and abuse. Then, once the standards are on paper, they must be enforced and there must be a commitment to continually examine efforts to reduce risks to children, and to heighten awareness of child protection in the community and home. Plan to Protect (TM) is a valuable tool to aid in the process." - Dave Toyce, President, World Vision Canada, Mississauga, Canada "I'm grateful to recommend this resource, carefully created by Plan to Protect (TM). Here you will find the information and wisdom needed to not only protect children, but to help each church become a beautiful place of healing and redemption." - Mary DeMuth, Author of 31 books including *Not Marked: Finding Hope and Healing After Sexual Abuse* "Plan to Protect (TM) is a resource program and tool kit that is critical and strategic for the times in which we live. It takes complex issues of child protection and makes resources accessible and affordable and its comprehensive frameworks helps small and large organizations alike. I highly recommend them." - Dr. Gary V. Nelson, President and Vice Chancellor, Tyndale University College and Seminary, Toronto, Ontario "Having devoted the majority of my career to managing and

insuring the risks of religious and secular nonprofits, I know well the pitfalls of having inadequate protection for their most vulnerable constituents. Plan to Protect (TM) provides a cost-effective, comprehensive, turnkey risk management solution that can be easily adapted to the specific needs of any religious entity -- from the parish church to a denominational headquarters. I know of no other resource providing this depth and quality of actionable, hands-on content approaching this price point, and I commend Plan to Protect (TM) to any institution seeking to fortify its youth risk management programming." - Scott R. The purpose of *Timeless Youth Ministry* is to help people in the church and Christian youth organizations minister to teenagers. As former youth pastors and current professors of youth ministry, the authors have 'been there, done that' in this field. They've run programs, camps, and ministry trips in such diverse places as southern California, east Tennessee, northeast Ohio and Alberta, Canada, to name a few. This book is a needed resource to examine afresh what it means to be an adolescent in today's culture and how those who minister to young people can best reach them.

A Question of Commitment - R. Brian Howe 2009-07-29

In 1991, the Government of Canada ratified the United Nations Convention on the Rights of the Child, requiring governments at all levels to ensure that Canadian laws and practices safeguard the rights of children. *A Question of Commitment: Children's Rights in Canada* is the first book to assess the extent to which Canada has fulfilled this commitment. The editors, R. Brian Howe and Katherine Covell, contend that Canada has wavered in its commitment to the rights of children and

is ambivalent in the political culture about the principle of children's rights. A Question of Commitment expands the scope of the editors' earlier book, *The Challenge of Children's Rights for Canada*, by including the voices of specialists in particular fields of children's rights and by incorporating recent developments.
