**MP Untold** - Sean Doherty 2015-07-29

Australian surfing's cult hero lived two lives. In the 1970s 'MP' became the best surfer in the world, an electric lash of rockstar looks and rockstar habits, but with a pathological aversion to rockstar fame. But MP died on the night of 10 August 1983, when his schizophrenia caught up with him and his years of institutionalisation began. Emerging from the other side was Michael Peterson, a quiet, complex soul who lived with his mother and sat under a mango tree every morning, communing with the voices in his head. In 2004 Sean Doherty wrote a bestselling biography of Michael Peterson that laid his incredible story bare. Over the years that followed, and especially after Michael's death in 2012, hundreds of people - family, friends, surf stars and complete strangers - contacted Doherty with stories never before shared. Stories that spoke of the man, not the legend. Stories of Michael, not MP. Now Doherty has compiled these stories, anecdotes and tributes, completing the picture of one of surfing's most talented but tragic figures. Also featuring classic and unseen images of Peterson, along with photographs and letters from his family's private collection, MP Untold presents Australian surfing's most fascinating champion in the words of those who knew him best. 'Everyone treated him like a god, but he just wanted to be treated like a normal bloke.' Tommy Peterson

**Stormrider** - David Gemmell 2002-02-26

Spellbinding action and breathless adventure—these are the realms of David Gemmell. His mythic characters represent the ultimates in good and evil, and everything in between. Brilliant warriors, they are heartbreakingly human in their ability to love, sacrifice, and summon extraordinary courage when all seems lost. With Stormrider, Gemmell continues his spectacular Rigante saga as the imperiled highland clan faces its deadliest threat . . . and calls for it's greatest hero. STORMRIDER A Novel of the Rigante Centuries ago, Connavar's triumphant battles against the invading army of Stone gained the Rigante their freedom, yet magic that once flourished has been all but snuffed out. The Varlish king and his barons have stolen Rigante lands and robbed the people of their culture and liberty. From the Rigante's former seat of power the black-hearted Moidart rules; only in the north are the clansmen free. There, in the Druagh mountains, the magic still reigns, strengthened by bold, brilliant victories of the outlaw leader known as Ravenheart. One glorious spark, one moment of Rigante rebellion, has ignited a revolution and forged a legend. The

conquered clans set about to rediscover their greatness—yet theirs is not the only call to arms. In the south, civil war has drenched the land in blood, and the armies of destruction have begun creeping north. There the brooding Ravenheart waits, knowing the forces of the hated Moidart will come, led by the brutal ruler's only son, Stormrider. Ravenheart and Stormrider: enemies of uncommon courage, are unaware that the fate of the world lies in their hands. Faced with this inexorable advance, deadly foes will be forced to unite, and a secret lost in the uncharted past will return to haunt these two warriors as they face the vengeance of an ancient evil. Immense armies of darkness advance on the highlanders, and it seems as if nothing will stop them. They crush their enemies with ease, until only a few thousand men stand before them, with no help in sight. But these are not ordinary men they face. They are clansmen, and more than that, they are Rigante.

**Millionaire by Thirty** - Douglas R. Andrew 2008-04-30

Most people know that there are 70 million Baby Boomers in America today....but what is less known is that there are approximately 100 million people in America between the ages of 16 and 30. This generation has just entered, or will soon be entering the work force. And they have no idea how to invest, save, or handle their money. Young people today come out of school having had little or no formal education on the basics of money management. Many have large debts from student loans looming over their heads. And many feel confused and powerless when their pricey educations don't translate into high paying jobs. They feel that their \$30,000-\$40,000 salary is too meager to bother with investing, and they constantly fear that there will be "too much month left at the end of their money." Douglas R. Andrew has shown the parents of this generation a different pathway to financial freedom. Now Doug and his sons, Emron and Aaron - both of whom are in their mid-20s - show the under-30 crowd how they can break from traditional 401k investment plans and instead can find a better way by investing in real estate, budgeting effectively, avoiding unnecessary taxes and using life insurance to create tax-free income. With the principles outlined in Millionaire by Thirty, recent graduates will be earning enough interest on their savings to meet their basic living expenses by the time they're 30. And by the time they're 35, their investments will be earning more money than they are, guaranteeing them a happy, wealthy future.

*Hav* - Jan Morris 2011-08-30

A New York Review Books Original *Hav* is like no place on earth. Rumored to be the site of Troy, captured during the crusades and recaptured by Saladin, visited by Tolstoy, Hitler, Grace Kelly, and Princess Diana, this Mediterranean city-state is home to several architectural marvels and an annual rooftop race that is a feat of athleticism and insanity. As Jan Morris guides us through the corridors and quarters of *Hav*, we hear the mingling of Italian, Russian, and Arabic in its markets, delight in its famous snow raspberries, and meet the denizens of its casinos and cafés. When Morris published *Last Letters from Hav* in 1985, it was short-listed for the Booker Prize. Here it is joined by *Hav of the Myrmidons*, a sequel that brings the story up-to-date. Twenty-first-century *Hav* is nearly unrecognizable. Sanitized and monetized, it is ruled by a group of fanatics who have rewritten its history to reflect their own blinkered view of the past. Morris's only novel is dazzlingly sui-generis, part erudite travel memoir, part speculative fiction, part cautionary political tale. It transports the reader to an extraordinary place that never was, but could well be.

If you have, this book is for you. Now in its third edition, Surf Science is the first book to talk in depth about the science of waves from a surfer's point of view. It fills the gap between surfing books and waves textbooks, and will help you learn how to predict surf. Surf Science is also a useful introduction to oceanography and the science of waves. [Barbarian Days](#) - William Finnegan 2016-04-26

**\*\*Winner of the 2016 Pulitzer Prize for Autobiography\*\*** Included in President Obama's 2016 Summer Reading List "Without a doubt, the finest surf book I've ever read . . ." —The New York Times Magazine *Barbarian Days* is William Finnegan's memoir of an obsession, a complex enchantment. Surfing only looks like a sport. To initiate, it is something else: a beautiful addiction, a demanding course of study, a morally dangerous pastime, a way of life. Raised in California and Hawaii, Finnegan started surfing as a child. He has chased waves all over the world, wandering for years through the South Pacific, Australia, Asia, Africa. A bookish boy, and then an excessively adventurous young man, he went on to become a distinguished writer and war reporter. *Barbarian Days* takes us deep into unfamiliar worlds, some of them right under our noses—off the coasts of New York and San Francisco. It immerses the reader in the edgy camaraderie of close male friendships forged in challenging waves. Finnegan shares stories of life in a whites-only gang in a tough school in Honolulu. He shows us a world turned upside down for kids and adults alike by the social upheavals of the 1960s. He details the intricacies of famous waves and his own apprenticeships to them. Youthful folly—he drops LSD while riding huge Honolua Bay, on Maui—is served up with rueful humor. As Finnegan's travels take him ever farther afield, he discovers the picturesque simplicity of a Samoan fishing village, dissects the sexual politics of Tongan interactions with Americans and Japanese, and navigates the Indonesian black market while nearly succumbing to malaria. Throughout, he surfs, carrying readers with him on rides of harrowing, unprecedented lucidity. *Barbarian Days* is an old-school adventure story, an intellectual autobiography, a social history, a literary road movie, and an extraordinary exploration of the gradual mastering of an exacting, little-understood art.

**Slide Your Brains Out** - Thomas Campbell 2012

"Growing up in southern California, artist, photographer and filmmaker Thomas Campbell was raised on the DIY aesthetic of the early 1980s skateboarding culture. Photography tips came from like-minded fellow photographers employed in the skateboarding press rather than from school, and art history was a matter of osmosis, not academia. In the mid-1990s, Campbell moved to New York and immersed himself in the scene around Alleged Gallery, where he quickly befriended and exhibited among the generation of artists who would star in the landmark 2004 exhibition *Beautiful Losers*. Campbell began documenting surfing culture in the late 1990s through both photography and film. His first feature-length film, *The Seedling*, came out in 1999, followed by *Sprout* in 2004 and *The Present* in 2009. Campbell's surfing photography has long been admired among by fellow surfers for its lack of gloss finish; unlike most, he eschews the familiar fish-eye shots or tightly cropped land angles. The first of ten projected volumes in Um Yeah Press' surf photobook series, *Slide Your Brains Out* compiles work from the past 15 years. Often lo-fi and gritty, other times lush and saturated, Campbell's compositions--which include portraits and action shots of some of the best surfers in the world--are always surprising and full of emotion, from melancholy to exultation"--Résumé de l'éditeur.
