

Russian Stage One Live From Russia Volume 1 Textbook Second Edition The Russian American Collaborative Series

Eventually, you will no question discover a other experience and skill by spending more cash. nevertheless when? get you acknowledge that you require to get those every needs taking into account having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more on the order of the globe, experience, some places, in the same way as history, amusement, and a lot more?

It is your entirely own period to action reviewing habit. in the middle of guides you could enjoy now is **Russian Stage One Live From Russia Volume 1 Textbook Second Edition The Russian American Collaborative Series** below.

Roots of Russia's War in Ukraine - Elizabeth A. Wood 2015-12-15

In February 2014, Russia initiated a war in Ukraine, its reasons for aggression unclear. Each of this volume's authors offers a distinct interpretation of Russia's motivations, untangling the social, historical, and political factors that created this war and continually reignite its tensions. What prompted President Vladimir Putin to send troops into Crimea? Why did the conflict spread to eastern Ukraine with Russian support? What does the war say about Russia's political, economic, and social priorities, and how does the crisis expose differences between the EU and Russia regarding international jurisdiction? Did Putin's obsession with his macho image start this war, and is it preventing its resolution? The exploration of these and other questions gives historians, political watchers, and theorists a solid grasp of the events that have destabilized the region.

Fall of Giants - Ken Follett 2011-08-30

Ken Follett's magnificent historical epic begins as five interrelated families move through the momentous dramas of the First World War, the Russian Revolution, and the struggle for women's suffrage. A thirteen-year-old Welsh boy enters a man's world in the mining pits. . . . An American law student rejected in love finds a surprising new career in Woodrow Wilson's White House. . . . A housekeeper for the aristocratic Fitzherberts takes a fateful step above her station, while Lady Maud Fitzherbert herself crosses deep into forbidden territory when she falls in love with a German spy. . . . And two orphaned Russian brothers embark on radically different paths when their plan to emigrate to America falls afoul of war, conscription, and revolution. From the dirt and danger of a coal mine to the glittering chandeliers of a palace, from the corridors of power to the bedrooms of the mighty, *Fall of Giants* takes us into the inextricably entangled fates of five families—and into a century that we thought we knew, but that now will never seem the same again. . . .

Russia at War: From the Mongol Conquest to Afghanistan, Chechnya, and Beyond [2 volumes] -

Timothy C. Dowling 2014-12-02

This easy-to-use reference explores the people and events that shaped Russian military history—and impacted Europe, Asia, and the world—over the past eight centuries. • Helps readers understand the sociopolitical history of Russia and how it continues to exert a major influence in international affairs • Showcases the complex role conflict has played in Russia throughout its history • Includes an introductory essay that discusses how warfare in Russia has progressed over the centuries • Offers entries on wars, battles, organizations, leaders, armies, weapons, and other aspects of war and military life • Provides a ready reference for readers with little or no prior knowledge of Russian history

[Russian Stage One--Live from Moscow!](#) - Dan E. Davidson 1996

Tupolev Tu-160 Blackjack - Yefim Gordon 2003

81/2 x 11 128 pgs 200 color & b&w photos line drawings and color side views The book gives the full story of how the Soviet Union's most potent strategic bomber, the Tupolev Tu-160 (known to the Western world as the Blackjack) was designed, built and put into operational service. The author reveals many unknown

aspects of the Tu-160 story, including the development tender in which many of the Soviet Union's top-class aircraft design companies participated. The book is richly illustrated with color photos, many of which were taken at the Long-Range Aviation base in Engels, which is home to the Russian Air Force's Tu-160s. The book is all the more interesting since Russia is now resuming production of the Tu-160 to bolster its strategic potential in order to offset the reduction in ballistic missiles.

[The World Book Encyclopedia](#) - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Russia - Dmitri Trenin 2019-07-26

Over the past century alone, Russia has lived through great achievements and deepest misery; mass heroism and mass crime; over-blown ambition and near-hopeless despair – always emerging with its sovereignty and its fiercely independent spirit intact. In this book, leading Russia scholar Dmitri Trenin accompanies readers on Russia's rollercoaster journey from revolution to post-war devastation, perestroika to Putin's stabilization of post-Communist Russia. Explaining the causes and the meaning of the numerous twists and turns in contemporary Russian history, he offers a vivid insider's view of a country through one of its most trying and often tragic periods. Today, he cautions, Russia stands at a turning point – politically, economically and socially – its situation strikingly reminiscent of the Russian Empire in its final years. For the Russian Federation to avoid a similar demise, it must learn the lessons of its own history.

Russia's Chechen Wars 1994-2000 - Olga Oliker 2001-09-28

An examination of the difficulties faced by the Russian military in planning and carrying out urban operations in Chechnya. Russian and rebel military forces fought to control the Chechen city of Grozny in the winters of 1994-1995 and 1999-2000, as well as clashing in smaller towns and villages. The author examines both Russian and rebel tactics and operations in those battles, focusing on how and why the combatants' approaches changed over time. The study concludes that while the Russian military was able to significantly improve its ability to carry out a number of key tasks in the five-year interval between the wars, other important missions—particularly in the urban realm—were ignored, largely in the belief that the urban mission could be avoided. This conscious decision not to prepare for a most stressful battlefield met with devastating results, a lesson the United States would be well served to study.

Russian Politics and Society - Richard Sakwa 2002-09-11

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

The Russian Way of War - Department of Department of the Army 2019-07-17

PRINTED IN COLOR - The Russian Way of War - Force Structure, Tactics, and Modernization of the Russian Ground Forces Published by the U.S. Army Training and Doctrine Command G2's Foreign Military Studies Office in 2016, this book picks up where the FM 100-2 series left off and discusses Russian military structure, capabilities, and future development. Includes July 2019 BONUS materials on the following:
*1K17 Szhatie (1K17 Сжатие) Russian "Stiletto" Laser Tank *Combat Laser System (Peresvet) Russian Laser Cannon *T-14 Armata Main Battle Tank *T-15 Heavy Infantry Combat Vehicle *Kurganets-25 Light

Tracked Armored Vehicle *2S35 Koalitsiya-SV 152-mm Self-Propelled Howitzer *VPK-7829 Bumerang Modular Infantry Wheeled Fighting Vehicle Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a SDVOSB. <https://usgovpub.com>

First Person - Vladimir Putin 2000-05-05

Who is this Vladimir Putin? Who is this man who suddenly--overnight and without warning--was handed the reigns of power to one of the most complex, formidable, and volatile countries in the world? How can we trust him if we don't know him? *First Person* is an intimate, candid portrait of the man who holds the future of Russia in his grip. An extraordinary compilation of over 24 hours of in-depth interviews and remarkable photographs, it delves deep into Putin's KGB past and explores his meteoric rise to power. No Russian leader has ever subjected himself to this kind of public examination of his life and views. Both as a spy and as a virtual political unknown until selected by Boris Yeltsin to be Prime Minister, Putin has been regarded as man of mystery. Now, the curtain lifts to reveal a remarkable life of struggles and successes. Putin's life story is of major importance to the world.

Russia's Middle East Policy - Alexey Vasiliev 2018-03-19

This extraordinary book charts the development of Russia's relations with the Middle East from the 1950s to the present. It covers both high and low points - the closeness to Nasser's Egypt, followed by reversal; the successful invasion of Afghanistan which later turned into a disaster; the changing relationship with Israel which was at some time surprisingly close; the relationship with Syria, which continues to be of huge significance; and much more. Written by one of Russia's leading Arabists who was himself involved in the formation and implementation of policy, the book is engagingly written, extremely insightful, telling us things which only the author is in a position to tell us, and remarkably frank, not sparing senior Soviet and Russian figures from criticism. The book includes material based on the author's conversations with other leading participants.

What Is Russia Up To in the Middle East? - Dmitri Trenin 2017-11-10

The eyes of the world are on the Middle East. Today, more than ever, this deeply-troubled region is the focus of power games between major global players vying for international influence. Absent from this scene for the past quarter century, Russia is now back with gusto. Yet its motivations, decision-making processes and strategic objectives remain hard to pin down. So just what is Russia up to in the Middle East? In this hard-hitting essay, leading analyst of Russian affairs Dmitri Trenin cuts through the hyperbole to offer a clear and nuanced analysis of Russia's involvement in the Middle East and its regional and global ramifications. Russia, he argues, cannot and will not supplant the U.S. as the leading external power in the region, but its actions are accelerating changes which will fundamentally remake the international system in the next two decades.

The Brothers Karamazov - Fyodor Dostoevsky 2015-01-01

Four brothers reunite in their hometown in Russia. The murder of their father forces the brothers to question their beliefs about each other, religion, and morality.

Putin's People - Catherine Belton 2020-06-23

A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past

three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—*Putin's People* is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

A Gentleman in Moscow - Amor Towles 2019-03-26

The mega-bestseller with more than 2 million readers, soon to be a Showtime/Paramount series starring Ewan McGregor as Count Alexander Rostov From the #1 New York Times-bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

The Master and Margarita - Mikhail Bulgakov 1967

Introduction by Simon Franklin; Translation by Michael Glenny "From the Hardcover edition."

Russian Stage One - American Council Of Teachers Of Russian 2008-12-30

Russia - Yegor Gaidar 2012-11-02

An important Russian economist and politician takes a long view of economic history and Russia's development. It is not so easy to take the long view of socioeconomic history when you are participating in a revolution. For that reason, Russian economist Yegor Gaidar put aside an early version of this work to take up a series of government positions—as Minister of Finance and as Boris Yeltsin's acting Prime Minister—in the early 1990s. In government, Gaidar shepherded Russia through its transition to a market economy after years of socialism. Once out of government, Gaidar turned again to his consideration of Russia's economic history and long-term economic and political challenges. This book, revised and updated shortly before his death in 2009, is the result. Gaidar's account of long-term socioeconomic trends puts his country in historical context and outlines problems faced by Russia (and other developing economies) that more developed countries have already encountered: aging population, migration, evolution of the system of social protection, changes in the armed forces, and balancing stability and flexibility in democratic institutions. This is not a memoir, but, Gaidar points out, neither is it “written from the position of a man who spent his entire life in a research institute.” Gaidar's “long view” is inevitably informed and enriched by his experience in government at a watershed moment in history.

The New Penguin Russian Course - Nicholas J. Brown 1996-12

This updated version of the Penguin Russian Course introduces the learner, through translation extracts, to the culture and life of the modern (post Glasnost) Soviet Union that was, as well as to the Russian language.

My Disillusionment in Russia - Emma Goldman 1923

Russia's Last Gasp - Prit Buttar 2016-09-22

Despite the increasingly futile, bloody struggles for territory that had characterised the Eastern Front the previous year, the German and Austro-Hungarian commands held high hopes for 1916. After the success of the 1915 Gorlice-Tarnów Offensive, which had driven Russia out of Galicia and Poland, Germany was free to renew its efforts in the west. Austria-Hungary, meanwhile, turned its attention to defeating Italy. In an attempt to relieve pressure on their British and French allies at the Somme and Verdun, Russia launched one of the bloodiest campaigns in the history of warfare. General Brusilov's June advance was quickly characterised by innovative tactics, including the use of shock troops – a tactic that German armies would later adapt to great effect. The momentum continued with Romania's entry into the war and the declaration by the Central Powers of a Kingdom of Poland – two events which would radically transform the borders of post-war Europe. Drawing on first-hand accounts and archival research, internationally renowned historian Prit Buttar presents a dramatic account of an explosive year on the Eastern Front, one that gave Russia its greatest success on the battlefield but plunged the nation into revolution at home.

History of the Jews in Russia and Poland, from the Earliest Times Until the Present Day: From the beginning until the death of Alexander I - Simon Dubnow 1916

Putin's World - Angela Stent 2019-02-26

In this revised version that includes an exclusive new chapter on the Russia-Ukraine war, renowned foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world—and increased Russia's status on the global stage. How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively? Is it because Putin is a brilliant strategist? Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower? Putin's World examines the country's turbulent past, how it has influenced Putin, the Russians' understanding of their position on the global stage and their future ambitions—and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed. This book looks at Russia's key relationships—its downward spiral with the United States, Europe, and NATO; its ties to China, Japan, the Middle East; and with its neighbors, particularly the fraught relationship with Ukraine. Putin's World will help Americans understand how and why the post-Cold War era has given way to a new, more dangerous world, one in which Russia poses a challenge to the United States in every corner of the globe—and one in which Russia has become a toxic and divisive subject in US politics.

[The Mueller Report](#) - Robert S. Mueller 2019-04-26

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

The Palgrave Handbook of Digital Russia Studies - Daria Gritsenko 2020-12-15

This open access handbook presents a multidisciplinary and multifaceted perspective on how the 'digital' is simultaneously changing Russia and the research methods scholars use to study Russia. It provides a critical update on how Russian society, politics, economy, and culture are reconfigured in the context of

ubiquitous connectivity and accounts for the political and societal responses to digitalization. In addition, it answers practical and methodological questions in handling Russian data and a wide array of digital methods. The volume makes a timely intervention in our understanding of the changing field of Russian Studies and is an essential guide for scholars, advanced undergraduate and graduate students studying Russia today.

Russian Social Thought - Andrzej Walicki 1977

Apollo's Arrow - Nicholas A. Christakis 2020-10-27

A piercing and scientifically grounded look at the emergence of the coronavirus pandemic and how it will change the way we live—"excellent and timely." (The New Yorker) Apollo's Arrow offers a riveting account of the impact of the coronavirus pandemic as it swept through American society in 2020, and of how the recovery will unfold in the coming years. Drawing on momentous (yet dimly remembered) historical epidemics, contemporary analyses, and cutting-edge research from a range of scientific disciplines, bestselling author, physician, sociologist, and public health expert Nicholas A. Christakis explores what it means to live in a time of plague—an experience that is paradoxically uncommon to the vast majority of humans who are alive, yet deeply fundamental to our species. Unleashing new divisions in our society as well as opportunities for cooperation, this 21st-century pandemic has upended our lives in ways that will test, but not vanquish, our already frayed collective culture. Featuring new, provocative arguments and vivid examples ranging across medicine, history, sociology, epidemiology, data science, and genetics, Apollo's Arrow envisions what happens when the great force of a deadly germ meets the enduring reality of our evolved social nature.

Freezing Order - Bill Browder 2022-04-12

NEW YORK TIMES BESTSELLER Following his explosive New York Times bestseller Red Notice, Bill Browder returns with another gripping thriller chronicling how he became Vladimir Putin's number one enemy by exposing Putin's campaign to steal and launder hundreds of billions of dollars and kill anyone who stands in his way. When Bill Browder's young Russian lawyer, Sergei Magnitsky, was beaten to death in a Moscow jail, Browder made it his life's mission to go after his killers and make sure they faced justice. The first step of that mission was to uncover who was behind the \$230 million tax refund scheme that Magnitsky was killed over. As Browder and his team tracked the money as it flowed out of Russia through the Baltics and Cyprus and on to Western Europe and the Americas, they were shocked to discover that Vladimir Putin himself was a beneficiary of the crime. As law enforcement agencies began freezing the money, Putin retaliated. He and his cronies set up honey traps, hired process servers to chase Browder through cities, murdered more of his Russian allies, and enlisted some of the top lawyers and politicians in America to bring him down. Putin will stop at nothing to protect his money. As Freezing Order reveals, it was Browder's campaign to expose Putin's corruption that prompted Russia's intervention in the 2016 US presidential election. At once a financial caper, an international adventure, and a passionate plea for justice, Freezing Order is a stirring morality tale about how one man can take on one of the most ruthless villains in the world—and win.

Exploring Russia's Past: From prehistory to 1856 - David G. Rowley 2006

This comprehensive but concise book provides an introductory survey of Russian history that is inclusive in regard to subject, content, and usefulness for learning. Its global perspective views Russia in all its dimensions—as a nation, a civilization, and an empire; looks at all aspects of Russian society—politics, law, foreign affairs, social status, gender relations, religion, culture, and economy; and examines Russia from the vantage point of world history—continually situating Russia in the context of trends and developments across the Eurasian content. A well-rounded learning experience features a narrative history as well as an integrated and coherent collection of primary text and visual documents. A consistent chapter format introduces the key theme or an important development that sets the stage for the chapter; offers a concise summary of world trends and a thumbnail sketch of each of the major civilizations of Eurasia and of the countries on Russia's borders; assembles sections on government and foreign affairs, church and culture, the role and status of women, as well as society and economy; and concludes with a consideration of the non-Russian peoples of the empire (or Soviet Union,) and summarizes key developments or anticipates the

next period in Russian history. For individuals seeking a brief treatment but a complete understanding of Russian history.

Behind the Urals - John Scott 1989

Charts the evolution of radio, TV, and cable technology in (mainly) non-technical language, covering the technical, personal, economic, and social aspects of the subject. Emphasizes the strategies, achievements, and failures of individuals and companies in the broadcast industry. For those in or about to enter television broadcasting or its related industries. Acidic paper. Reprint of John Scott's classic account of his five years as a worker in the new industrial city of Magnitogorsk in the 1930's, first published in 1942. It is enhanced by the texts of three debriefings of Scott, published here for the first time. A timely reissue. No index. No bibliography. Annotation copyrighted by Book News, Inc., Portland, OR

From Russia With Love - Ian Fleming 2021-08-31

"From Russia With Love" by Ian Fleming. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Distorted Mirrors - Donald E. Davis 2009

"Drawing on memoirs, archives, and interviews, Davis and Trani trace American prejudice toward Russia and China by focusing on the views of influential writers and politicians over the course of the twentieth century, showing where American images originated and how they evolved"--Provided by publisher.

One Day in the Life of Ivan Denisovich - Alexander Solzhenitsyn 1984-07-01

"Stark . . . the story of how one falsely accused convict and his fellow prisoners survived or perished in an arctic slave labor camp after the war."—Time From the icy blast of reveille through the sweet release of sleep, Ivan Denisovich endures. A common carpenter, he is one of millions viciously imprisoned for countless years on baseless charges, sentenced to the waking nightmare of the Soviet work camps in Siberia. Even in the face of degrading hatred, where life is reduced to a bowl of gruel and a rare cigarette, hope and dignity prevail. This powerful novel of fact is a scathing indictment of Communist tyranny, and an eloquent affirmation of the human spirit. The prodigious works of Alexander Solzhenitsyn, including his acclaimed *The Gulag Archipelago*, have secured his place in the great tradition of Russian literary giants. Ironically, *One Day in the Life of Ivan Denisovich* is the only one of his works permitted publication in his native land. Praise for *One Day in the Life of Ivan Denisovich* "Cannot fail to arouse bitterness and pain in the heart of the reader. A literary and political event of the first magnitude."—*New Statesman* "Both as a political tract and as a literary work, it is in the *Doctor Zhivago* category."—*Washington Post* "Dramatic . . . outspoken . . . graphically detailed . . . a moving human record."—*Library Journal*

The Geopolitics of the Global Energy Transition - Manfred Hafner 2020-06-09

The world is currently undergoing an historic energy transition, driven by increasingly stringent decarbonisation policies and rapid advances in low-carbon technologies. The large-scale shift to low-carbon energy is disrupting the global energy system, impacting whole economies, and changing the political

dynamics within and between countries. This open access book, written by leading energy scholars, examines the economic and geopolitical implications of the global energy transition, from both regional and thematic perspectives. The first part of the book addresses the geopolitical implications in the world's main energy-producing and energy-consuming regions, while the second presents in-depth case studies on selected issues, ranging from the geopolitics of renewable energy, to the mineral foundations of the global energy transformation, to governance issues in connection with the changing global energy order. Given its scope, the book will appeal to researchers in energy, climate change and international relations, as well as to professionals working in the energy industry.

Russian Stage One - Maria D. Lekic 2009-10-09

The History of the Russian Revolution - Leon Trotsky 1980-01-01

The social, economic, and political dynamics of the first socialist revolution as explained by one of the principal leaders of this victorious struggle that changed the course of history in the twentieth century.

[Russia's Military Aircraft in the 21st Century](#) - Yefim Gordon 2006-01

This interesting survey looks at Russian military aviation in the post-Soviet era. While difficulties with funding means that the large new aircraft programs of the Cold War era are likely to remain things of the past, military aviation in Russia is not standing still. Upgrades to existing programs and reorganization of current resources are two of the ways in which combat capability is being not just maintained but enhanced. This volume looks at programs like the new Mi-8MTKO and Mi-24PN night-capable helicopters from Mil. The latest Sukhoi upgrades such as the Su-24M2, Su-25SM, and Su-27SM are also explored, along with the programs designed to extend the capabilities of the Tu-95MS and Tu-160 bombers by allowing for the carriage of new and more capable missiles. The revamping of the Russian Air Force's training fleet with the Yakovlev's Yak-130 is also considered, contrasting the differences between the first ones built and production-standard aircraft.

Russian Social Media Influence - Todd C. Helmus 2018-04-12

Russia employs a sophisticated social media campaign against former Soviet states that includes news tweets, nonattributed comments on web pages, troll and bot social media accounts, and fake hashtag and Twitter campaigns. Nowhere is this threat more tangible than in Ukraine. Researchers analyzed social media data and conducted interviews with regional and security experts to understand the critical ingredients to countering this campaign.

[Lost Kingdom](#) - Serhii Plokhy 2017-10-10

From a preeminent scholar of Eastern Europe and the prizewinning author of *Chernobyl*, the essential history of Russian imperialism. In 2014, Russia annexed the Crimea and attempted to seize a portion of Ukraine -- only the latest iteration of a centuries-long effort to expand Russian boundaries and create a pan-Russian nation. In *Lost Kingdom*, award-winning historian Serhii Plokhy argues that we can only understand the confluence of Russian imperialism and nationalism today by delving into the nation's history. Spanning over 500 years, from the end of the Mongol rule to the present day, Plokhy shows how leaders from Ivan the Terrible to Joseph Stalin to Vladimir Putin exploited existing forms of identity, warfare, and territorial expansion to achieve imperial supremacy. An authoritative and masterful account of Russian nationalism, *Lost Kingdom* chronicles the story behind Russia's belligerent empire-building quest.
