Waking the Tiger: Healing Trauma - Peter A. Levine, Ph.D.

1997-07-07

Now in 24 languages. Nature's Lessons in Healing Trauma... Waking the Tiger offers a new and hopeful vision of trauma. It views the human animal as a unique being, endowed with an instinctual capacity. It asks and answers an intriguing question: why are animals in the wild, though threatened routinely, rarely traumatized? By understanding the dynamics that make wild animals virtually immune to traumatic symptoms, the mystery of human trauma is revealed. Waking the Tiger normalizes the symptoms of trauma and the steps needed to heal them. People are often traumatized by seemingly ordinary experiences. The reader is taken on a guided tour of the subtle, yet powerful impulses that govern our responses to overwhelming life events. To do this, it employs a series of exercises that help us focus on bodily sensations. Through heightened awareness of these sensations trauma can be healed.

China between Empires - Mark Edward Lewis 2011-04-30

After the collapse of the Han dynasty in the third century CE, China divided along a north-south line. Mark Lewis traces the changes that both underlay and resulted from this split in a period that saw the geographic redefinition of China, more engagement with the outside world, significant changes to family life, developments in the literary and social arenas, and the introduction of new religions. The Yangzi River valley arose as the rice-producing center of the country. Literature moved beyond the court and capital to depict local culture, and newly

emerging social spaces included the garden, temple, salon, and country villa. The growth of self-defined genteel families expanded the notion of the elite, moving it away from the traditional great Han families identified mostly by material wealth. Trailing the rebel movements that toppled the Han, the new faiths of Daoism and Buddhism altered every aspect of life, including the state, kinship structures, and the economy. By the time China was reunited by the Sui dynasty in 589 ce, the elite had been drawn into the state order, and imperial power had assumed a more transcendent nature. The Chinese were incorporated into a new world system in which they exchanged goods and ideas with states that shared a common Buddhist religion. The centuries between the Han and the Tang thus had a profound and permanent impact on the Chinese world.

A Critical History of New Music in China - C. Liu 2010

By the end of the nineteenth century, Chinese culture had fallen into a stasis, and intellectuals began to go abroad for new ideas. What emerged was an exciting musical genre that C. C. Liu terms "new music." With no direct ties to traditional Chinese music, "new music" reflects the compositional techniques and musical idioms of eighteenth- and nineteenth-century European styles. Liu traces the genesis and development of "new music" throughout the twentieth century, deftly examining the social and political forces that shaped "new music" and its uses by political activists and the government.

Mortal Beauty, God's Grace - Gerard Manley Hopkins 2003-12-02

Gerard Manley Hopkins is one of English poetry's most brilliant stylistic innovators, and one of the most distinguished poets of any age. However, during his lifetime he was known not as a poet but as a Jesuit priest, and his faith was essential to his work. His writings combine an intense feeling for nature with an ecstatic awareness of its divine origins, most remarkably expressed in his magnificent and highly original 'sprung rhythm.' This collection contains not only all of Hopkins' significant poetry, but also selections from his journals, sermons, and letters, all chosen for their spiritual guidance and insight. Hopkins didn't allow the publication of most of his poems during his lifetime, so his genius was not appreciated until after his death. Now, more than a hundred years later, his words are still a source of inspiration and sheer infectious joy in the radiance of God's creation.

Clouds Thick, Whereabouts Unknown - 2010

Compiled by a leading scholar of Chinese poetry, *Clouds Thick, Whereabouts Unknown* is the first collection of Chan (Zen) poems to be situated within Chan thought and practice. Combined with exquisite paintings by Charles Chu, the anthology compellingly captures the ideological and literary nuances of works that were composed, paradoxically, to "say more by saying less," and creates an unparalleled experience for readers of all backgrounds. *Clouds Thick, Whereabouts Unknown* includes verse composed by monk-poets of the eighth to the seventeenth centuries. Their style ranges from the direct vernacular to the evocative and imagistic. Egan's faithful and elegant translations of poems by Han Shan, Guanxiu, and Qiji, among many others, do justice to their perceptions and insights, and his detailed notes and analyses unravel centuries of Chan metaphor and allusion. In these gems, monk poets join mainstream ideas on poetic function to religious reflection and proselytizing, carving out a distinct genre that come to influence generations of poets, critics, and writers. The simplicity of Chan poetry belies its complex ideology and sophisticated language, elements Egan

vividly explicates in his religious and literary critique. His interpretive strategies enable a richer understanding of Mahayana Buddhism, Chan philosophy, and the principles of Chinese poetry. "Charles Egan's presentation does a real service, providing the latest perspectives rather than a rehash of traditional, received accounts. His translations, which form the heart of this book, read smoothly and well. The introduction and the annotations are very well done and make this anthology one to be enjoyed, savored and learned from." Beata Grant. Washington University

The White Tiger - Aravind Adiga 2008-04-22

SOON TO BE A MAJOR MOTION PICTURE The stunning Booker Prize-winning novel from the author of *Amnesty* and *Selection Day* that critics have likened to Richard Wright's *Native Son*, *The White Tiger* follows a darkly comic Bangalore driver through the poverty and corruption of modern India's caste society. "This is the authentic voice of the Third World, like you've never heard it before" (John Burdett,

Bangkok 8). The white tiger of this novel is Balram Halwai, a poor Indian villager whose great ambition leads him to the zenith of Indian business culture, the world of the Bangalore entrepreneur. On the occasion of the president of China's impending trip to Bangalore, Balram writes a letter to him describing his transformation and his experience as driver and servant to a wealthy Indian family, which he thinks exemplifies the contradictions and complications of Indian society. Recalling *The Death of Vishnu* and *Bangkok 8* in ambition, scope, *The White Tiger* is narrative genius with a mischief and personality all its own. Amoral, irreverent, deeply endearing, and utterly contemporary, this novel is an international publishing sensation—and a startling, provocative debut.

Tutankhamun - Les Rowley 2021-03-09

Tutankhamun was a little beggar. A mischievous so-and-so. Don't take my word, just read these diaries. They were discovered only very recently at a car boot in Otley, West Yorkshire and have been translated from its original hieroglyphics form by Professor Simon Cardinal. The diaries were apparently part of the stash that was discovered by those modern-day grave robbers, Howard Carter and Lord Carnarvan. Although the diaries only begin as the Boy King turns 12-years of age, he was the ruler of ancient Egypt (1340-bc) from the age of 8 or 9. He was a tiny little teenager (never getting to more than 5 feet 6 inches) with numerous health problems and died at the tender age of 18 but he packed a lot into those short-lived years including marriage and coronation. At last, a first person account of his short life, so much of which is still uncertain, is revealed by the boy himself.

The Edge of the Precipice - Paul Socken 2013-09-01

Can a case be made for reading literature in the digital age? Does literature still matter in this era of instant information?
