The Workbook offers plenty of extra practice, revision, and reviews. Mirroring the Student's Book content, with the same clear structure, it provides extra reading and writing practice opportunities for both weaker and stronger students. The Writing Bank at

the back of the book gives a quick guide to text types, with model structures and key language as well as exam strategies, plus a Functions Bank for functional phrases for speaking and writing. There is plenty of exam practice in the Get Ready for your Exam sections and these, along with

the Self-Check pages after each unit and the review sections at the back of the books, allow students and their teachers to keep track of their progress as they work towards their exams. The accompanying Audio CD offers students a huge amount of listening practice. There are audio recordings for tasks in every lesson (not only for the Vocabulary & Listening lessons).

Face2face Upper Intermediate Student's Book with DVD-ROM - Chris Redston
2013-01-31

face2face Second edition is the flexible, easy-to-teach, 6-level course (A1 to C1) for busy teachers who want to get their adult and young adult learners to communicate with confidence. face2face Second edition is informed by Cambridge English Corpus and its vocabulary syllabus has been mapped to the English Vocabulary Profile, meaning students learn the language they really need at each CEFR level. The course improves students' listening skills by drawing their attention to the elements of spoken English that are difficult to understand. The free DVD-ROM in the Upper Intermediate Student's Book includes consolidation activities and electronic

portfolio for learners to track their progress with customisable tests and grammar and vocabulary reference sections.

The context of natural forest management and FSC certification in Brazil -

Claudia Romero 2015-12-30

Management decisions on appropriate practices and policies regarding tropical forests often need to be made in spite of innumerable uncertainties and complexities.

Among the uncertainties are the lack of formalization of lessons learned regarding the impacts of previous programs and projects. Beyond the challenges of generating the proper information on these

impacts, there are other difficulties that relate with how to socialize the information and knowledge gained so that change is transformational and enduring. The main complexities lie in understanding the interactions of social-ecological systems at different scales and how they varied through time in response to policy and other processes. This volume is part of a broad research effort to develop an independent evaluation of certification impacts with stakeholder input, which focuses on FSC certification of natural tropical forests. More specifically, the evaluation program aims at building the evidence base of the empirical biophysical, social, economic, and policy effects that FSC certification of natural forest has had in Brazil as well as in other tropical countries. The contents of this volume highlight the opportunities and constraints that those responsible for managing natural forests for timber production have experienced in their efforts to

improve their practices in Brazil. As such, the goal of the studies in this volume is to serve as the foundation to design an impact evaluation framework of the impacts of FSC certification of natural forests in a participatory manner with interested parties, from institutions and organizations, to communities and individuals.

Gyn/Ecology - Mary Daly
2016-07-26

This revised edition includes a New Intergalactic Introduction by the Author. Mary Daly's New Intergalactic Introduction explores her process as a Crafty Pirate on the Journey of Writing *Gyn/Ecology* and reveals the autobiographical context of this "Thunderbolt of Rage" that she first hurled against the patriarchs in 1979 and no hurls again in the Re-Surging Movement of Radical Feminism in the Be-Dazzling Nineties.

English for Diplomatic Purposes - Patricia Friedrich
2016-05-19

English is used in diplomatic contexts worldwide, including in situations where none of the interlocutors are native-speakers. This ground-breaking volume brings together the perspectives of researchers and practitioners to discuss the

needs of those using and learning English for Diplomatic Purposes. Chapter authors use concepts from sociolinguistics, World Englishes, Peace Linguistics and English as a Lingua Franca. Combined with this theoretical background is a pragmatic understanding of the work of diplomacy and the realities of communication, as well as exercises designed to help students, teachers and practicing diplomats reflect on, and develop, their language use. This book represents an important first step in the opening-up of English for Diplomatic Purposes as a distinct field of study and learning, and as such will be required reading for those working and studying in this area.
