*Neonatal Emergencies* - Georg Hansmann 2009-10-15

Covering the management of critically ill newborns from the first minute of life through the first 72 hours, this practical, evidence-based and clinically-informed guide will provide all members of the pediatric care team with the essential information to save lives and prevent disability. With chapters on neonatal transport, resuscitation, ventilation and ethical issues, the content is further illustrated with case studies illustrating the real-world aspects of identifying critical signs and symptoms, diagnostics and treatment in multiple settings. As well as including numerous clear diagrams and summary tables, the text includes algorithms based on international guidelines to help navigate the reader through the delivery of care, and a comprehensive listing of drugs and dosages, serving as a quick reference guide when making treatment decisions. This is essential reading for pediatric residents, fellows and junior faculty, neonatal intensive care nurses, paramedics, obstetricians, midwives, anesthesiologists and emergency medicine physicians.

**Dark Guardian #3: Dark of the Moon** - Rachel Hawthorne 2009-08-25

The third installment in fan-favorite author Rachel Hawthorne's Dark Guardian paranormal romance trilogy, featuring Connor, from Dark Guardian #2. Connor has watched for years while the other Dark Guardians have undergone their transformations into wolves. What he doesn't understand is why he's not feeling any of the inner stirrings that they have. The only stirrings that he feels are for Brittany—he's certain that she's his destined mate. Which makes it all the more devastating when the first full moon after his eighteenth birthday passes and he doesn't transform. He's just desperate enough to become a wolf that he'll go to extremes he never thought possible. . . and put all the Dark Guardians in incredible danger. But does he really need to change to keep Brittany's love?

**The Handbook of Counseling** - Don C. Locke 2001-03-02

*Boy at the Window* -

**Corporate Culture and Performance** - John P. Kotter 2008-06-30

Going far beyond previous empirical work, John Kotter and James Heskett provide the first comprehensive

critical analysis of how the "culture" of a corporation powerfully influences its economic performance, for better or for worse. Through painstaking research at such firms as Hewlett-Packard, Xerox, ICI, Nissan, and First Chicago, as well as a quantitative study of the relationship between culture and performance in more than 200 companies, the authors describe how shared values and unwritten rules can profoundly enhance economic success or, conversely, lead to failure to adapt to changing markets and environments. With penetrating insight, Kotter and Heskett trace the roots of both healthy and unhealthy cultures, demonstrating how easily the latter emerge, especially in firms which have experienced much past success. Challenging the widely held belief that "strong" corporate cultures create excellent business performance, Kotter and Heskett show that while many shared values and institutionalized practices can promote good performances in some instances, those cultures can also be characterized by arrogance, inward focus, and bureaucracy -- features that undermine an organization's ability to adapt to change. They also show that even "contextually or strategically appropriate" cultures -- ones that fit a firm's strategy and business context -- will not promote excellent performance over long periods of time unless they facilitate the adoption of strategies and practices that continuously respond to changing markets and new competitive environments. Fundamental to the process of reversing unhealthy cultures and making them more adaptive, the authors assert, is effective leadership. At the heart of this groundbreaking book, Kotter and Heskett describe how executives in ten corporations established new visions, aligned and motivated their managers to provide leadership to serve their customers, employees, and stockholders, and thus created more externally focused and responsive cultures.

**Birthing Outside the System** - Hannah G. Dahlen 2021-06-30

This book investigates why women choose 'birth outside the system' and makes connections between women's right to choose where they birth and violations of human rights within maternity care systems. Choosing to birth at home can force women out of mainstream maternity care, despite research supporting the safety of this option for low-risk women attended by midwives. When homebirth is not supported as a birthplace option, women will defy mainstream medical advice, and if a midwife is not available, choose either an unregulated careprovider or birth without assistance. This book examines the circumstances and drivers behind why women nevertheless choose homebirth by bringing legal and ethical perspectives together with the latest research on high-risk homebirth (breech and twin births), freebirth, birth with unregulated careproviders and the oppression of midwives who support unorthodox choices. Stories from women who have pursued alternatives in Australia, Europe, Russia, the UK, the US, Canada, the Middle East and India are woven through the research. Insight and practical strategies are shared by doctors, midwives, lawyers, anthropologists, sociologists and psychologists on how to manage the tension between professional obligations and women's right to bodily autonomy. This book, the first of its kind, is an important contribution to considerations of place of birth and human rights in childbirth.

**Growing Old in Christ** - Stanley Hauerwas 2003-06-20

One of the hallmarks of contemporary culture is its attitude toward aging and the elderly. Youth and productivity are celebrated in today's society, while the elderly are increasingly marginalized. This not only poses difficulties for old people but is also a loss for the young and middle-agers, who could learn much from the elderly, including what it means to grow old (and die) "in Christ." Growing Old in Christ presents the first serious theological reflection ever on what it means to grow old, particularly in our culture and

particularly as a Christian. In a full-orbed discussion of the subject, eighteen first-rate Christian thinkers survey biblical and historical perspectives on aging, look at aging in the modern world, and describe the "Christian practice of growing old." Along the way they address many timely issues, including the medicalization of aging, the debate over physician-assisted suicide, and the importance of friendships both among the elderly and between the elderly and the young. Weighty enough to instruct theologians, ethicists, and professional caregivers yet accessible enough for pastors and general readers, this book will benefit anyone seeking faith-based insight into growing old. **The Will to Meaning** - Viktor E. Frankl 2014-06-24

From the author of *Man's Search for Meaning*, one of the most influential works of psychiatric literature since Freud. Holocaust survivor Viktor E. Frankl is known as the founder of logotherapy, a mode of psychotherapy based on man's motivation to search for meaning in his life. The author discusses his ideas in the context of other prominent psychotherapies and describes the techniques he uses with his patients to combat the "existential vacuum." Originally published in 1969 and compiling Frankl's speeches on logotherapy, *The Will to Meaning* is regarded as a seminal work of meaning-centered therapy. This new and carefully re-edited version is the first since 1988.

**Sociological Justice** - Donald J. Black 1989

Rejects the notion that law is an affair of rules and is above discrimination, detailing how racial discrimination, social status, the degree of intimacy, speech, organizations, and other factors influence judicial proceedings

**Ecclesiology in Context** - J. A. van der Ven 1996

This important volume for students of ecclesiology, professors, ministers, and church staff members applies theological and social-scientific approaches to the development of practical models and strategies for the church's interaction with modern society.

*In Search of the Seventy Weeks of Daniel 9* - George Athas 2012-09-08

**Alat Analisis Data** - Irwan Gani

Buku ini berusaha memenuhi kondisi ideal penggunaan statistik dalam penelitian secara menyeluruh, dimana seluruh alat uji statistik dan contoh kasus pengujian, sedapat mungkin disajikan secara lengkap dan menyeluruh. Hal inilah yang membuat buku ini memiliki kelebihan. Selain itu, buku ini juga meminimalisir penulisan rumus dan formula matematik sehingga statistik terlihat lebih mudah dan aplikatif.

[When the Church Was a Family](#) - Joseph H. Hellerman 2009

A study of the early Christian church in the Mediterranean region and its emphasis on collective good over individual desire clarifies much about what is wrong with the American church today.

**Understanding Christian Mission** - Scott W. Sunquist 2013-09-15

This comprehensive introduction helps students, pastors, and mission committees understand contemporary Christian mission historically, biblically, and theologically. Scott Sunquist, a respected scholar and teacher of world Christianity, recovers missiological thinking from the early church for the twenty-first century. He traces the mission of the church throughout history in order to address the global church and offers a constructive theology and practice for missionary work today. Sunquist views spirituality as the foundation for all mission involvement, for mission practice springs from spiritual formation. He highlights the Holy Spirit in the work of mission and emphasizes its trinitarian nature. Sunquist explores mission from a primarily theological--rather than sociological--perspective, showing that the whole of Christian theology depends on and feeds into mission. Throughout the book, he presents Christian mission as our participation in the suffering and glory of Jesus Christ for the redemption of the nations.

**Environmental Biosensors** - Vernon Somerset 2011-07-18

This book is a collection of contributions from leading specialists on the topic of biosensors for health, environment and biosecurity. It is divided into three sections with headings of current trends and

developments; materials design and developments; and detection and monitoring. In the section on current trends and developments, topics such as biosensor applications for environmental and water monitoring, agro-industry applications, and trends in the detection of nerve agents and pesticides are discussed. The section on materials design and developments deals with topics on new materials for biosensor construction, polymer-based microsystems, silicon and silicon-related surfaces for biosensor applications, including hybrid film biosensor systems. Finally, in the detection and monitoring section, the specific topics covered deal with enzyme-based biosensors for phenol detection, ultra-sensitive fluorescence sensors, the determination of biochemical oxygen demand, and sensors for pharmaceutical and environmental analysis.

**Children Learn What They Live** - Rachel Harris 1998-01-05

Dorothy Law Nolte, a lifelong teacher and lecturer on family dynamics, presents a simple but powerful guide to parenting the old-fashioned way: instilling values through example. Dr. Nolte's inspiration? *Children Learn What They Live*, the celebrated poem she wrote in 1954. Written with psychotherapist Rachel Harris, each of the 19 couplets of the poem is developed into a chapter on jealousy, shame, praise, recognition, honesty, fairness, tolerance, and more. Positive, realistic, filled with a rare common sense, it is a book to help parents find their own parenting wisdom, and to raise children with a surer, steadier, more understanding hand.

**Chicken Soup for the Preteen Soul 2** - Jack Canfield 2012-08-07

Filled with relevant, inspiring and fun stories written mostly by kids, this new volume features a unique, innovative chapter, "Rockin' Our World", that highlights real kids achieving real dreams, helping less fortunate people, starting your own business, and utilizing your unique abilities.

**The Problem of Pain** - C. S. Lewis 2001-02-06

Why must humanity suffer? In this elegant and thoughtful work, C. S. Lewis questions the pain and suffering that occur everyday and how this contrasts with the notion of a God that is both omnipotent and good. An answer to this critical theological problem is found within these pages.

*FAO Policy on Gender Equality* - Food and Agriculture Organization of the United Nations 2013

"The FAO Policy on Gender Equality provides a framework that guides the Organization's efforts to achieve gender equality in all its technical work and assesses results. The policy outlines FAO's goal and objectives related to gender equality and delineates an accountability structure for ensuring policy oversight and achievement of results."--Publisher's description.

**Family** - Lisa Sowle Cahill 2000

IS there an authentically Christian notion of family? Cahill asserts that the usual religious agenda of restoring the traditional nuclear family is actually misinformed and misguided. Her study of the early church, John Chrysostom, Martin Luther, the Puritans, and recent Church teachings reveals an alternative Christian vision of the altruistic family, animated by Christian discipleship to stand for compassion, generosity, and justice.

[Calling Christian Leaders](#) - John Stott 2021-05-04

John Stott found on his many travels that contemporary models of Christian leadership were often shaped more by culture than by Christ. In stark contrast, he urges that our view be determined by our view of the church, not the other way round. Focusing on 1 Corinthians 1 - 4, he demonstrates the centrality of the theme of 'power through weakness'. He explains the role of the Holy Spirit in God's revelation, and examines four of Paul's most striking models of ministry, each of which is an aspect of humility. Over against seductive styles of leadership being advocated by the wisdom of the world, he urges Christian leaders to be characterized above all else by 'the meekness and gentleness of Christ'.

**Daily With The King** - W. Glyn Evans 1989-11-08

A calendar of devotional readings for the daily walk of the Christian and his God. With appropriate Scripture readings.

**Developing Christian Servant Leadership** - G. Roberts 2015-04-23

Developing Christian Servant Leadership provides a Christian faith-based perspective on servant leader character development in the workplace and argues that leadership requires passionate and authentic biblical integration.

*Aging* - Henri J. M. Nouwen 1976-01-13

We are all aging. We are each a spoke on the great wheel of life, part of the ongoing cycle of growth. In *Aging*, Henri J.M. Nouwen and Walter J. Gaffney share some moving and inspirational thoughts on what aging means (and can mean) to all of us, whether we're in our youth, middle age, or later years. Enhanced by some eighty-five photographs depicting various scenes from life and nature, this book shows how to make the later years a source of hope rather than a time of loneliness -- a way out of darkness into the light. "Aging," the authors write, "is not a reason for despair, but a basis of hope, not a slow decaying, but a gradual maturing, not a fate to be undergone but a chance to be embraced." And they remind us of our responsibility to incorporate the aged into the fabric of our own lives -- helping them become teachers again so they may help us repair the fragmented connections between generations. Aging shows us all how to start fulfilling our lives by giving to others, "so that when we leave this world, we can be what we have given." It is a warm, beautiful, and caring book: a simple reaffirmation of the promise of Him, who by His aging and death brought new life to this world.

*Handbook of Social Support and the Family* - Gregory R. Pierce 2013-06-29

While insights sometimes are slow in coming, they often seem obvious when they finally arrive. This handbook is an outcome of the insight that the topics of social support and the family are very closely linked. Obvious as this might seem, the fact remains that the literatures dealing with social support and the family have been deceptively separate and distinct. For example, work on social support began in the 1970s with the accumulation of evidence that social ties and social integration play important roles in health and personal adjustment. Even though family members are often the key social supporters of individuals, relatively little research of social support was targeted on family interactions as a path to specifying supporter processes. It is now recognized that one of the most important features of the family is its role in providing the individual with a source of support and acceptance. Fortunately, in recent years, the distinctness and separateness of the fields of social support and the family have blurred. This handbook provides the first collation and integration of social support and family research. This integration calls for specifying processes (such as the cognitions associated with poor support availability and unrewarding family constellations) and factors (such as cultural differences in family life and support provision) that are pertinent to integration.

*The Church according to Paul* - James W. Thompson 2014-09-09

Amid conflicting ideas about what the church should be and do in a post-Christian climate, the missing voice is that of Paul. The New Testament's most prolific church planter, Paul faced diverse challenges as he worked to form congregations. Leading biblical scholar James Thompson examines Paul's ministry of planting and nurturing churches in the pre-Christian world to offer guidance for the contemporary church. The church today, as then, must define itself and its mission among people who have been shaped by other experiences of community. Thompson shows that Paul offers an unprecedented vision of the community that is being conformed to the image of Christ. He also addresses contemporary (mis)understandings of words like missional, megachurch, and formation.

**Extreme Devotion** - Voice of the Martyrs 2001

Provides 365 daily readings about ancient and modern-day believers who made significant sacrifices for his or her faith, in a volume based on Jesus Freaks and Foxe's Book of Martyrs.

**Spirituality and Social Work** - John Russell Graham 2007

The area of spirituality is undergoing a resurgence of interest in Canadian social work literature and practice. This collection of selected readings is the first on this topic in Canada. Spirituality and Social Work makes a significant contribution to this important and emerging area of scholarly Canadian research and practice while encouraging continuing scholarship on the topic.

**Divinity and Humanity** - Oliver D. Crisp 2007-02-15

The doctrine of the Incarnation lies at the heart of Christianity. But the idea that 'God was in Christ' has become a much-debated topic in modern theology. Oliver Crisp addresses six key issues in the Incarnation defending a robust version of the doctrine, in keeping with classical Christology. He explores perichoresis, or interpenetration, with reference to both the Incarnation and Trinity. Over two chapters Crisp deals with the human nature of Christ and then provides an argument against the view, common amongst some contemporary theologians, that Christ had a fallen human nature. He considers the notion of divine kenosis

or self-emptying, and discusses non-Incarnational Christology, focusing on the work of John Hick. This view denies Christ is God Incarnate, regarding him as primarily a moral exemplar to be imitated. Crisp rejects this alternative account of the nature of Christology.

**A Vision for the Aging Church** - James M. Houston 2011-10-10

James M. Houston and Michael Parker believe now is the time for the church to offer ministry to its increasing numbers of seniors and to benefit from ministry they can offer. They issue an urgent call to reconceive the place and part of the elderly in the local congregation, showing that seniors aren't the problem--they are the solution.

Shocked by the Bible - Joe Kovacs 2008-09-28

How well do you really know the Bible? For instance, guess how many doves were aboard Noah's Ark. The answer is not two. And guess on which day the Bible says Jesus died. Believe it or not, the Good Book doesn't mention Friday, and even more surprisingly, while the Bible says Jesus rose from the grave, it does not say it occurred Sunday morning. Remember, Jesus' followers found an empty tomb then. But don't feel bad if you've always assumed otherwise. Like countless millions of people, you've just been misinformed, misled or even (dare we say) lied to about what the Bible actually says. In a stunning investigation, news veteran Joe Kovacs goes on a mission to help both Christians and non-Christians alike find out what the Bible really contains, and what it doesn't. "Shocked by the Bible: The Most Astonishing Facts You've Never Been Told" is an educational juggernaut that relies solely on the Holy Bible to reveal hundreds of Scriptural facts that many people of all persuasions simply don't know. The book instantly skyrocketed to the No. 1 position in three Bible-related categories on Amazon.com. "I'm among the biggest fans of the Bible of all time," says Kovacs. "My goal is to educate people about the solid truth of Scripture and to stop the spread of erroneous information. I want people to crack open their Bibles and see with their own eyes what's actually printed on the pages, and what's not. It's shocking!" According to Scripture, you won't find "Three Wise Men" mentioned anywhere in the story of Jesus' birth. For that matter, none are said to have shown up at the manger in Bethlehem. The truth straight from your own Bible is that an unspecified number of wise men first met Jesus as a "young child" in a "house," not a babe in a manger, and it might have been more than a year after He was born. Go ahead, look it up for yourself. Also according to Scripture, you won't find a single mention of Easter eggs, but you will find God warning His people not to have anything to do with a pagan fertility goddess, whose name is synonymous with "Easter." "Yes, I'm a Bible-believing Christian," says Kovacs. "But I'm not here to convert anyone. People are free to believe whatever they wish and can come to their own conclusions. I just want to show them the biblical record is often very different from what many assume. Not only will Christians love this book, but I think Jews, Muslims and even agnostics and atheists will get a kick out of it as well." When the veil of presumption is removed and people see the words that are actually on the Bible's pages, readers will discover: Jesus said no one has gone to heaven except Himself "Christmas" is not mentioned in the Bible The practice of decorating a tree with silver and gold is actually condemned by God "Easter" has vanished from the Bible Jesus made appearances on Earth on the Old Testament God sought to kill Moses The destiny of human beings is not what you think (it's not to float around on clouds in heaven) God ran lotteries Jesus did not come to make everyone understand His message Noah's Ark is not said to have rested on "Mount Ararat" Noah, Abraham, Isaac and Jacob were not Jews Nagging wives are mentioned in Scripture Women's breasts are celebrated in the Bible There's a character in the Bible called a "dumb ass" Underwear didn't disintegrate despite 40 years of heavy use The worst case of hemorrhoids in history is recorded Endorsement: "If you think you really know the Bible, better think again. Joe Kovacs takes a close look at the greatest story ever told and separates myth from reality. My favorite parts of the book deal with Christmas and Easter. Check out 'Shocked by the Bible.' You may well be shocked." - Bill O'Reilly, anchor, Fox News Channel

**Creative Suffering** - Paul Tournier 1983

**Code Not Over!** - Alfred Boediman 2018-09-22

We live in fantastic times. Collectively we know more about the world around us than any one individual could ever learn in their lifetime. Some of that is an experience which underlies the natural complexity of our physical presence. Some of it has to do with the dynamic complexity of life. Above this, we have created constantly evolving and hugely complex social interactions to maintain our growing technological innovations. “Code Not Over” presents to us how to design and build useful software in the right way. This book gives us real-world example cases that open up our minds to see the enormous challenges in software development we can turn them into opportunities. This book fits for anyone who wants to flourish in learning about software development.

**The Gospel According to John** - 1999

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

*Models of the Church* - Avery Dulles 2002-05-14

There is today a dramatic reexamination of structure, authority, dogma -- indeed, every aspect of the life of the Church is held up to scrutiny. Welcoming this as a sign of vitality, Avery Dulles has carefully studied the writings of contemporary Protestant and Catholic ecclesialogists and sifted out six major approaches, or "models," through which the Church's character can be understood: as Institution, Mystical Communion, Sacrament, Herald, Servant, and, in a recent addition to the book, as Community of Disciples. A balanced theology, he concludes, must incorporate the major affirmations of each. "The method of models or types," observes Cardinal Dulles, "can have great value in helping people to get beyond the limitations of their own particular outlook and to enter into fruitful conversation with others... Such conversation is obviously essential if ecumenism is to get beyond its present impasses." This new edition includes a new Appendix and Preface by the author.

**Intergenerational Christian Formation** - Holly Catterton Allen 2012-07-31

Holly Allen and Christine Lawton offer a complete framework for intentional intergenerational Christian formation in the church. Providing theoretical foundations and case studies of intergenerational congregations, this book offers hope that worship, learning, community, and service can all be achieved intergenerationally.
