· Includes an introductory essay · Provides over 600 A-Z entries, many with accompanying images · Contains contributions by some of the leading scholars in the field of military history · Provides a convenient glossary of commonly used Islamic military terms intended for general readers

The Kashmir Conflict - Rakesh Ankit 2016-06-17

This book presents a study of the international dimensions of the Kashmir dispute between India and Pakistan from before its outbreak in October 1947 until the Tashkent Summit in January 1966. By focusing on Kashmir's under-researched transnational dimensions, it represents a different approach to this intractable territorial conflict. Concentrating on the global context(s) in which the dispute unfolded, it argues that the dispute's evolution was determined by international concerns that existed from before and went beyond the Indian subcontinent. Based on new and diverse official and personal papers across four countries, the book foregrounds the Kashmir dispute in a twin setting of Decolonisation and the Cold War, and investigates the international understanding around it within the imperatives of these two processes. In doing so, it traces Kashmir's

journey from being a residual irritant of the British Indian Empire, to becoming a Commonwealth embarrassment and its eventual metamorphosis into a security concern in the Cold War climate(s). A princely state of exceptional geo-strategic location, complex religious composition and unique significance in the context of Indian and Pakistani notions of nation and statehood, Kashmir also complicated their relations with Britain, the United States, Soviet Union, China, the Commonwealth countries and the Afro-Arab-Asian world. This book is of interest to scholars in the field of Asian History, Cold War History, Decolonisation and South Asian Studies.

International Relations, 6E - V N Khanna International Relations covers the subject from the historical perspective—from the eve of the First World War to the end of the Cold War and beyond. This book is divided into two sections — the first deals with the theoretical perspectives, while the second provides an historical overview of events. These include the two World Wars, problems faced in peace-making, system of alliances, search for security, Nazism and Fascism, rise of communism, the arms race and disarmament, the Cold War and its end, Non-Aligned Movement, and the emergence of regional organizations. The book is a useful resource for teachers and students of history and political science, those appearing for civil

services examinations, as well as those interested in international relations.

Global Trends 2030 - Office of the Director of National Intelligence Council 2017-03-11

This publication covers global megatrends for the next 20 years and how they will affect the United States. This is the fifth installment in the National Intelligence Council's series aimed at providing a framework for thinking about possible futures and their implications. The report is intended to stimulate strategic thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories during the next 15-20 years by identifying critical trends and potential discontinuities. The authors distinguish between megatrends, those factors that will likely occur under any scenario, and game-changers, critical variables whose trajectories are far less certain. NIC 2012-001. Several innovations are included in *Global Trends 2030*, including: a review of the four previous *Global Trends* reports, input from academic and other experts around the world, coverage of disruptive technologies, and a chapter on the potential trajectories for the US role in the international system and the possible the impact on future international relations.

Italian Communists Versus the Soviet Union
- Jacques Lévesque 1987

Islam and Colonialism - Will Myer 2003-08-27

Tracing the development of western thought about Central Asia, this book argues that for historical and political reasons, Central Asia was seen as being in a colonial relationship with Russia. Consequently, an anti-colonial revolution in Asia was seen as the greatest threat to the USSR. The book questions the suitability of the colonial model for understanding the region's recent political history and challenges many of the assumptions which underlay the adoption of such a model, and examines how this one interpretation came to dominate western discourse to the virtual exclusion of all others.

East India (progress and Condition) - Great Britain. India Office 1921

The Seed-time of Communist Movement in India, 1919-1926 - Lāḍalīmohana Rāyācaudhurī 2000

This Book Is A Collection Of Official Documents On The Communist Movement In India, With Special Reference To The Province Of Bengal.

Communism and Nationalism in Colonial India, 1939-45 - D N Gupta 2008-08-05

Communism and Nationalism in Colonial India, 1939-45 is an incisive and original contribution to our understanding of the Communist Party of India's approach towards the Indian national movement and British colonialism from 1939 to 1945. Based on extensive use of archival material, private papers and rare documents, the book is a critique of both the official CPI line as well as its detractors' opinions about the Party's role in the said period. It analyses in detail both points of view with regard to why the CPI failed to expose what it termed as the 'betrayal' of the 'bourgeois nationalist' leadership and why it was not able to establish its 'hegemony' over the Indian freedom struggle-to transform the bourgeois democratic revolution into a socialist revolution. This book can be used both as a textbook as well as a supplementary reading material by students, researchers and academicians working in the fields of Political Science, Economics, Sociology and History. It is an invaluable resource for all those interested in the study of the inter-play of communist, nationalist and imperialist forces during the Second World War, including political parties and civil society organizations.

Indian Muslims and Citizenship - Julten Abdelhalim 2015-10-05

Through the creation of post-colonial citizenship, India adopted a hybridisation of specific secular and western conception of citizenship. In this democratic framework, Indian Muslims are observed on how they make use of the spaces and channels to accommodate their Islamic identity within a secular one. This book analyses how the socio-political context shapes citizens' perceptions of multiple variables, such as their sense of political efficacy, agency, conception of citizenship rights and belief in democracy. Based on extensive surveys and interviews and through presenting and investigating the various meanings of jihād, the author explores the usage of non-Eurocentric conceptual approaches to the study of postcolonial and Muslim societies, in particular the meaning it carries in the psyche of the Muslim community. She argues that through means of argumentative and spiritual jihād, Indian Muslims fight their battle towards a realisation of citizenship ideals despite the unfavourable conditions of intra and inter community conflicts. Presenting new examinations of Islamic identity and citizenship in contemporary India, this book will be a useful contribution to the study of South Asian Studies, Religion, Islam, and Race and Ethnicity.

Modern India - Sumit Sarkar 2014

Modern India provides an insight into the historiography of India and its freedom struggle from the colonial era to the year of Independence. It uses archival data from various sources and collates it with new research elements in the history of the period. As a result, it has been able to provide a critical perspective on the historical, political, social and cultural events of the time. The book is credited as one of the most widely read books on the topic and has changed our understanding of modern Indian history. It is already prescribed in the following 18 Universities in India as principal text. (It also appears as supplementary text in other Universities). Recommended Reading: Calicut University, Calcutta University, Gauhati University, Delhi University, Aligarh Muslim University, MDU Rohtak, VBSPU, Kota University, CCS University, Kashmir University, MLSU Ajmer, JNVU, Gujarat University, Mumbai University, North Maharashtra University, Baroda University, Christ University, Kannaur University.

Indo-US Relations - Nirode Mohanty

2014-12-18

The purpose of this book is to narrate important, dynamic events that have taken place in the Indo-U.S. relations, beginning from 1943 to 2013. This includes the American role in India's independence, the Cold War, demise of the Soviet Union, resurgence of Islamic fundamentalism, terrorists' attack of American cities in 2001, decline of American power, rise of India, and rise of China. The study is confined to only three areas: terrorism, nuclear proliferation, and nuclear energy. The defining moment of the twenty-first century occurred in 2008 when these two estranged great democracies engaged one another to work on common goals and establish a strategic relationship between two natural allies.

Global Trends 2030 - National Intelligence Council (U.S.) 2012

This report is intended to stimulate thinking about the rapid and vast geopolitical changes characterizing the world today and possible global trajectories over the next 15 years. As with the NIC's previous Global Trends reports, we do not seek to predict the future, which would be an impossible feat, but instead provide a framework for thinking about possible futures and their implications. In-depth research, detailed modeling and a variety of analytical tools drawn from public, private and academic sources were employed in the production of Global Trends 2030. NIC leadership engaged with experts in nearly 20 countries, from think tanks, banks, government offices and business groups, to solicit reviews of the report.

Bengal's Night Without End - Udayan

Namboodiry 2006

On electoral malpractices in West Bengal, India; with special focus on Communist Party of India (Marxist).

Hong Kong and the Cold War - Chi-kwan

Mark 2004-08-05

After 1949, the British Empire in Hong Kong was more vulnerable than the lack of Chinese demand for return and the success of Hong

Kong's economic transformations might have suggested. Its vulnerability stemmed as much from Britain's imperial decline and America's Cold War requirements as from a Chinese threat. It culminated in the little known '1957 Question', a year when the British position in Hong Kong appeared more uncertain than any time since 1949. This is the first scholarly study that places Hong Kong at the heart of the Anglo-American relationship in the wider context of the Cold War in Asia. Unlike existing works, which tend to treat British and US policies in isolation, this book explores their dynamic interactions - how the two allies perceived, responded to, and attempted to influence each other's policies and actions. It also provides a major reinterpretation of Hong Kong's involvement in the containment of China. Dr Mark argues that, concerned about possible Chinese retaliation, the British insisted and the Americans accepted that Hong Kong's role should be as discreet and non-confrontational in nature as possible. Above all, top decision-makers in Washington evaluated Hong Kong's significance not in its own right, but in the context of the Anglo-American relationship: Hong Kong was seen primarily as a bargaining chip to obtain British support for US policy elsewhere in Asia. By using a variety of British and US archival material as well as Chinese sources, Dr Mark examines how the British and US government discussed, debated, and disagreed over Hong Kong's role in the Cold War, and reveals the dynamics of the Anglo-American alliance and the dilemmas of small allies in a global conflict.

PLEDGE FOR AN INTEGRATED INDIA - Ed. Devesh Khandelwal 2015-01-01

Many great people in India's postIndependence history have gone into oblivion only because they were not part of the Nehruvian consensus or refused to adopt models of communism or socialism. These forgotten personalities were also proud of India's rich history and dreamt of bringing back its lost glory. They believed in the integrity of India and devoted their life to it - so that India could rise as leader in the comity of nations. Dr. Syama Prasad Mookerjee was an unheralded political personality of the 20th century. He was a great patriot who renounced his life for the betterment of society. His achievements in his short life span were remarkable. 'Pledge for an Integrated India: Dr. Mookerjee in Throes of Jammu and Kashmir' is a tribute to India's unity and solidarity, and an answer to those who declared Dr. Mookerjee 'communist, fascist and obscurantist'. He opposed Nehru's decisions relating to Jammu and Kashmir solely because they were contrary to India's interest. He advocated that the Indian nation should have only One Flag, One Constitution, One Prime Minister and One President. This book reveals the failures of Jawaharlal Nehru who was responsible for the imbroglio in Jammu and Kashmir. At the same time, this book provides a meticulous and unbiased study of Dr. Mookerjee's arguments, which have been conveniently sidelined over the years.

Unholy Alliance - David Horowitz 2006-02-02

The bestselling Unholy Alliance-now in paperback! Former Leftist radical David Horowitz blows the lid off the dangerous liaison between U.S. liberals and Islamic radicals. With America's battle against the disastrous force of terrorism at hand, Horowitz takes us behind the curtain of the unholy alliance between liberals and the enemy-a force with malevolent intentions, and one that Americans can no longer ignore.

India and the World - Claude Markovits 2021-03-25

In this pioneering history of modern India, Claude Markovits offers a new interpretation of events of world importance, focusing on the multiplicity of connections between India and the world. Beginning with an examination of India's evolving role in the world economy, he deals successively with the movement of people out of and into India, the role played by Indian soldiers in a series of conflicts from the mid-eighteenth to the late twentieth century, the place of India in the global circulation of ideas and cultural productions and the relationships established between Indians and others both abroad and at home. Challenging dominant state-centred histories by focusing on the lived experiences of people, Markovits demonstrates that the multiple connections established between India and other lands did not necessarily result in mutual knowledge, but were often marked by misunderstanding.
