The Teaching of Instrumental Music - Richard Colwell 2017-10-12

The Teaching of Instrumental Music, Fifth Edition introduces music education majors to basic instrumental pedagogy for the instruments and ensembles commonly found in the elementary and secondary curricula. It focuses on the core competencies required for teacher certification in instrumental music, with the pervasive philosophy to assist teachers as they develop an instrumental music program based on understanding and respecting all types of music. Parts I and II focus on essential issues for a successful instrumental program, presenting first the history and foundations, followed by effective strategies in administrative tasks and classroom teaching. Parts III, IV, and V are devoted to the skills and techniques of woodwind, brass and percussion, and string instruments. In all, The Teaching of Instrumental Music is the complete reference for the beginning instrumental teacher, commonly retained in a student's professional library for its unique and comprehensive coverage. NEW TO THIS EDITION: Revision and updating of curriculum developments, such as coordinating State Department of Education student learning objectives with the recent Every Student Succeeds Act (ESSA) New discussion of the NAfME National Standards as they relate to the teaching of instrumental music Revamping of rehearsing instrumental ensembles chapters, including new or expanded sections on programming, choosing quality music, and applying successful rehearsal techniques Updates on references, plus new discussion questions, and websites and internet links A chapter devoted to classroom guitar Updates on the use of technology for teaching and learning music More on healthy performance practice, marching band, and jazz band Online materials located in the eResources section on the Routledge website.

Selected Studies: Trombone - Himie Voxman  
1989-03-01

The next step for students who have completed the advanced level method for their instrument. The full-page etudes in this series, key-centered and supported by scale and arpeggio exercises, take the student to that next level of performance wherein their accumulated skills allow them to play full-length performance pieces with a high level of musicianship and competence. As such, many states include these pieces in their all-state audition lists.

Selected Duets for Flute - Himie Voxman  
1993-05-01

This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a friend. And duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. 1 - Easy to Medium, Vol. 2 - Medium to Advanced)

**Rubank Intermediate Method - Saxophone** - Joseph E. Skornicka 1991-03-01

One of the most widely used series of methods for individual or like-instrument class instruction. Using a very well-rounded approach including scales, arpeggios, technical studies,

studies for musicianship, articulation studies, solos, duets, and studies devoted to the special needs of each instrument, this series provides a fantastic wealth of material for all student musicians.

**Practical Studies for Trombone, Book 1** - Gerald Bordner 1999-10-19

This First Book of Practical Studies is designed to develop chord consciousness and to provide additional experience in the fundamental rhythms, key signatures and articulations and to improve accuracy in reading through the use of interesting and melodic studies. It may be used either to supplement or to follow any beginning method book.
