The Major Arcana becomes a map of life, and the hero's journey becomes something that each individual can relate to one's personal life. "Sallie Nichols, in her profound investigation of the Tarot has performed an immense service. Her book enriches and helps us to understand the awesome responsibilities laid upon consciousness. She has done this not in an arid fashion but derived from her own experience of the Tarot and its strangely translucent lights. As a result her book not only lives but quickens life in whomever it touches." --Laurens van der Post

Conversations with G - C. Norman Shealy M.D. Ph.D. 2018-07-20

Building on wisdom from Hindu, Christian, and Kaballah traditions, this comprehensive guide to energy healing reveals the hidden stresses, beliefs, and attitudes that cause illness. *Anatomy of the Spirit* is the boldest presentation of energy medicine to date, written by one of its premier practitioners, internationally acclaimed medical intuitive Caroline Myss, who is amongst the "hottest new voices in the alternative health/spirituality scene" (Publishers Weekly). With this model, Dr. Myss shows how you can develop your own latent powers of intuition as you simultaneously cultivate your personal power and spiritual growth. **Messages from Water and the Universe** - Masaru Emoto 2010-07-01

Masaru Emoto's 15 extensive years of study on water has given him the background to discuss what water is, how it has been implicated in the creation of the universe, and why a perfect ratio of Love and Gratitude can help this energy can go on infinitely. This fascinating book explains how our prayers, goodwill, and positive words heal us humans—as well as viruses and the universe as a whole—through water. Dr. Emoto explains that the fact that water has lost its true form shows that our way

of living has moved away from God's will, so we should be aware of our Creator's alert to "correct the way we are living now." The information in this work is an important step in revealing how we can modify our way of living to bring about true peace on earth.

**How the Light Gets In** - Pat Schneider 2013-04-25

"When I begin to write, I open myself and wait. And when I turn toward an inner spiritual awareness, I open myself and wait.' With that insight, Pat Schneider invites readers to contemplate their lives through spiritual observation and exploratory writing. In seventeen concise thematic chapters that include meditations on topics such as fear, prayer, forgiveness, social justice, and death, *How the Light Gets In* gracefully guides readers through the philosophical and spiritual questions that face everyone in the course of meeting life's challenges. Praised as a 'fuse lighter' by author Julia Cameron and 'the wisest teacher of writing I know' by the celebrated writing guru Peter Elbow, Pat Schneider has lived a life of writing and teaching, passion and compassion. With *How the Light Gets In*, she delves beyond the typical 'how-to's' of writing to offer an extended rumination on two inner paths, and how they can run as one. Schneider's book is distinct from the many others in the popular spirituality and creative writing genre by virtue of its approach, using one's lived experience—including the experience of writing—as a springboard for expressing the often ineffable events that define everyday life. Her belief that writing about one's own life leads to greater consciousness, satisfaction, and wisdom energizes the book and carries the reader elegantly through difficult topics. As Schneider writes, 'All of us live in relation to mystery, and becoming conscious of that relationship can be a beginning point for a spiritual practice--whether we experience mystery in nature, in ecstatic love, in the eyes of our children, our friends, the animals we love, or in more strange experiences of intuition, synchronicity, or prescience.'"--Provided by publisher.

### **Entering the Castle** - Caroline Myss 2007-03-06

Internationally renowned motivational teacher, spiritual instructor, and popular theologian Caroline Myss has created a transcendent work of unique insight and revelation in *Entering the Castle*. This exciting new teaching of contemporary mysticism is also a brilliant synthesis of the psychology of consciousness and of Eastern and Western mystical traditions. Myss provides a highly original inner path to self-knowledge -- which is also the road into a spiritual knowledge of God and your own soul -- as she reveals a necessary external path, one that takes you out into the world to serve God and others as a mystic without a monastery -- without having to retreat into total silence, self-denial, or isolation. As her main template for this extraordinary, modern spiritual journey, Myss uses the beloved, revered writings of *The Interior Castle* by Teresa of Ávila. Adapting Teresa's vision of the soul as a beautiful crystal castle with many floors, or mansions, and many rooms within those mansions, Myss guides us from room to room, helping us meet different aspects of our self, our soul, and our spirit -- preparing us for the ultimate encounter with God and our own divinity. Through intense practices and methods of spiritual inquiry adapted for contemporary life, she helps us to develop our personal powers of prayer, contemplation, and intuition and to ascend the seven levels of soul knowledge that build an ever stronger interior castle of our own -- a soul of strength and stamina. As in all her books, Myss also recounts stories of profoundly moving real-life experiences -- of her own, as well as of her students and of renowned spiritual figures -- that bring home the universal truth of her insights. Presiding over the entire book and journey are the great mystics, ancient and contemporary, of Christianity, Judaism, Islam, and Hinduism with their inspiring lives and discerning spirits. And over all, the benevolence, truth, and gentle and tough love of Teresa of Ávila shine through. Doubtless Myss's most deeply personal, revealing, compassionate, and transforming book yet, *Entering the Castle* is a comprehensive guidebook for the journey of your life -- a journey into the center of your soul. There, peace, God, and a fearless bliss wait for you to discover them...and claim them for your own.

### *The Art of Healing* - Bernie S. Siegel 2013-09-15

In 1979, Dr. Bernie S. Siegel, a successful surgeon, took a class from Elisabeth Kübler-Ross that focused on crayon drawing for healing, especially with patients facing life-threatening disease. Siegel incorporated into his practice these techniques -- many of which were laughed at by others in the medical community. But his *Exceptional Cancer Patients* "carefrontation" protocol facilitated healings, often deemed miraculous, and attracted attention. "Dr. Bernie" discovered and shared the fact that while patients might need antibiotics, surgery, radiation, and chemotherapy, their bodies also want to heal. He found that this innate propensity could be aided by unconventional practices, including drawing. Why? Drawing produces symbols often representing the subconscious. Siegel shows how to interpret drawings to help with everything from understanding why we are sick to making treatment decisions and communicating with loved ones. All those facing ill health, and those caring for them, personally and professionally, will welcome the hands-on, patient-proven practices offered here.

### ***The Healing Power of Water*** - Masaru Emoto 2008-09-01

This book will transform your world view. Dr. Masaru Emoto's first book, *The Hidden Message in Water*, told about his discovery that crystals formed in frozen water revealed changes when specific, concentrated thoughts were directed toward them. He also found that water from clear springs and water that has been exposed to loving words showed brilliant, complex and colourful snowflake patterns. In contrast, polluted water, or water exposed to negative thoughts formed incomplete, asymmetrical patterns with dull colors. *The Healing Power of Water* includes contributions from leading scientists such as William A. Tiller, who was featured in the film *What the Bleep Do We Know!?*; and from

spiritual teachers such as Doreen Virtue, Starhawk, William Bloom, and Sig Lonegren.

**Defy Gravity** - Caroline Myss 2011-01-15

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it

means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

**Sacred Contracts** - Caroline Myss 2013-09-04

Caroline Myss, author of the New York Times bestsellers *Anatomy of the Spirit* and *Why People Don’t Heal and How They Can*, presents an exciting, highly original program in this long-awaited book. Based on her internationally popular workshop of the same name, *Sacred Contracts* is a brilliant synthesis of psychology, healing guidance, and spiritual insight. As a medical intuitive, Myss has found that people often don’t understand their purpose in life, which has led to a spiritual malaise of epidemic proportions. This metaphysical disease in turn leads to depression, anxiety, fatigue, and eventually physical illness. But our purpose—our individual Sacred Contract—is often difficult to apprehend. For this reason, Myss developed an enjoyable and ingenious process for deciphering your own Contract using a new theory of archetypes that builds on the works of Jung, Plato, and contemporary thinkers. She first recounts how the concept of Sacred Contracts took form in myths and other cultural traditions through the ages. She then examines the lives of the spiritual masters and prophets—Abraham, Jesus, the Buddha, and Muhammad—whose archetypal journeys illustrate the four stages of a Sacred Contract and provide clues for discovering your own. With her signature motivational style and stories, Myss explains how you can

identify your particular spiritual energies, or archetypes—the gatekeepers of your higher purpose—and use them to help you find out what you are here on earth to learn and whom you are meant to meet. In coming to know your archetypal companions, you also begin to see how to live your life in ways that make the best use of your personal power and lead you to fulfill your greatest—in fact, your divine—potential. In this process, you learn how to see your life—and the lives of others—symbolically, allowing you to manage your personal power without getting caught up in emotional drama. You will also learn how to fulfill your Sacred Contract: what you and only you are here on earth to do. Finally, Myss offers specific guidance for locating your physical and emotional vulnerabilities and healing any susceptible areas. Both visionary and practical, *Sacred Contracts* is a completely unique process of self-discovery and spiritual archaeology and a bold, powerful work of spiritual wisdom.

What happens to the spirit after the body dies? In *Life After Death*, Deepak Chopra draws on cutting-edge scientific discoveries and the great wisdom traditions to provide a map of the afterlife. He tells us there is abundant evidence that "the world beyond" is not separated from this world by an impassable wall; in fact, a single reality embraces all worlds, all times and places. "A must-read for everyone who will die." —Candace B. Pert, Ph.D., author of *Molecules of Emotion* "A penetrating and insightful investigation into the greatest mystery of existence. This is an important book because only by facing death will we come to a deeper realization of who we are." —Eckhart Tolle, author of *A New Earth* and

*The Power of Now* "If I had any doubts about the afterlife, I don't have them anymore. Deepak Chopra has cast his inimitable light on the darkened corners of death. I think this is his greatest contribution yet."

—Marianne Williamson, author of *The Age of Miracles* and *The Gift of Change*

*Defy Gravity* - Caroline Myss 2010-07

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments - from rheumatoid arthritis to cancer - Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.
