*The Lovelorn Ghost and the Magical Monk* - Justin Thomas McDaniel  
2013-12-01

Focusing on representations of a famous ghost and monk from the late eighteenth century to today, Justin Thomas McDaniel builds a case for interpreting modern Thai Buddhist practice through the movements of these transformative figures. He follows embodiments of the ghost and monk in a variety of genres and media, including biography, drama, ritual, art, liturgy, film, television, and the Internet. Sourcing nuns, monks, laypeople, and royalty, McDaniel shows how relations with these figures have been instrumental in crafting histories and modernities, particularly local conceptions of being "Buddhist," and the formation and transmission of such identities across different venues and technologies.

**Ritual Notes** - 2021-07-16

This book was originally published in 1894 and described the complete rituals of the Church of England according to the Book of Common Prayer 1662. evangelical Anglicans but these Ritual Notes will probably be of more interest to those of a more catholic mind. The book has been out of print for many years and one comes across the odd copy at extreme prices. I pray that this publication will be of some use and that a meeting with the Lord will take place through these rituals without being 'empty'. Ensure that the word is faithfully preached as well. It is here also that the 'real presence' is displayed

**Curacy Express** - Robert M. Lewis 2016-06-17

The twenty-first-century church is increasingly placing recently trained seminary or locally trained clergy in smaller churches where they must stand alone without the training under a senior pastor. Since leadership in a church and academic preparation in seminary are two very different things, the church historically developed a history of offering "curacies," or training assistantships, to help blend the two disciplines and merge classroom knowledge into practical application. Today, these formal assistantships are mostly a thing of the past. *Curacy Express: A Training Resource for New Clergy* reconfigures this training into a current model. New clergy serving in their own church and mentor clergy serving in another church work together over a course of thirty-three self-paced learning modules. In each module, the newly ordained person gains valuable skills, mentor's observations and reflections, new confidence, and leadership formation. The result is clergy trained to be competent and confident in their roles as clergy-in-charge.

**Murder, Manners, Mystery** - Peter C. Erb 2007

Highlighting popular works by P.D. James, Colin Dexter, Ian Pears and Umberto Eco, among others, this is an intriguing examination of the treatment of religion in the genre of contemporary murder mystery novels. The other central theme examined in this book is that of justice. The narrative of any detective fiction novel depends on the murderer's ability to replace a crime with a convincingly constructed illusion of innocence, and to escape punishment by means of good manners. Erb also looks in detail at the theme of retribution in detective fiction. Can justice ever be anything more than retribution, death without hope? What satisfaction can be made for the loss of a human life? How can a murderer ever fully confess a crime and experience thanksgiving in final release from the consequences?
