The American Experience in World War II: The atomic bomb in history and memory - Walter L. Hixson 2003

First published in 2003. Routledge is an imprint of Taylor & Francis, an informa company.

Last Days of the Concorde - Samme Chittum 2018-09-25

The gripping true tale of a devastating plane crash, the investigation into its causes, and the race to prevent similar disasters in the future. On July 25, 2000, a Concorde, the world's fastest passenger plane, was taking off from Charles de Gaulle Airport in Paris when it suddenly burst into flames. An airliner capable of flying at more than twice the speed of sound, the Concorde had completed 25 years of successful flights, whisking wealthy passengers--from diplomats to rock stars to corporate titans--between continents on brief and glamorous flights. Yet on this fateful day, the chartered Concorde jet, en route to America, crashed and killed all 109 passengers and crew onboard and four people on the ground. Urgent questions immediately arose as investigators scrambled to discover what had gone wrong. What caused the fire? Could it have been prevented? And, most urgently, was the Concorde safe to fly? Last Days of the Concorde addresses these issues and many more, offering a fascinating insider's look at the dramatic disaster, the hunt for clues, and the systemic overhauls that followed the crash.

Postwar - Tony Judt 2006-09-05

Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

5 Steps to a 5 AP European History, 2010-2011 Edition - Jeffrey Brautigam 2010-01-01

Utah in the Twentieth Century - Brian Q. Cannon 2009-06-15

The twentieth could easily be Utah's most interesting, complex century, yet popular ideas of what is history seem mired in the nineteenth. One reason may be the lack of readily available writing on more recent Utah history. This collection of essays shifts historical focus forward to the twentieth, which began and ended with questions of Utah's fit with the rest of the nation. In between was an extended period of getting acquainted in an uneasy but necessary marriage, which was complicated by the push of economic development and pull of traditional culture, demand for natural resources from a fragile and scenic environment, and questions of who governs and how, who gets a vote, and who controls what is done on and to the contested public lands. Outside trade and a tourist economy increasingly challenged and fed an insular society. Activists left and right declaimed constitutional liberties while Utah's Native Americans become the last enfranchised in the nation. Proud contributions to national wars contrasted with denial of deep dependence on federal money; the skepticism of provocative writers, with boosters eager for growth; and reflexive patriotism somehow bonded to ingrained distrust of federal government.

Selected Executive Session Hearings of the Committee, 1943-50 ...: Problems of World War II and its aftermath - United States. Congress. House. Committee on International Relations 1976

The American Yawp - Joseph L. Locke 2019-01-22

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Selected Executive Session Hearings of the Committee, 1943-50: Problems of World War II and its aftermath - United States. Congress. House. Committee on Foreign Affairs 1976

After the War - Carol Matas 1997-09

After being released from Buchenwald at the end of World War II, fifteen-year-old Ruth risks her life to lead a group of children across Europe to Palestine.

Mad Science - Joseph Mangano 2012-10-01

Will Americans once again play nuclear roulette? Just one year after the Fukushima meltdown, all 54 reactors in Japan have been closed, and may never be restarted. Germany recently closed several reactors, and will shutter them all within a decade. Italy revoked its pledge to build new reactors, keeping that nation nuclear-free. All these decisions are based on the understanding that reactors are extremely dangerous and expensive. In the U.S., the remnants of the once-overwhelmingly powerful nuclear lobby are making their last stand for "clean" nuclear energy. The sixty-year-old vision of power "too cheap to meter" (words originally uttered by a banker promoting the industry) is back. While other countries end their reliance on nuclear energy, Americans contemplate its revival, even as existing reactors, which produce a fifth of U.S. electricity, pass retirement age and are corroding. In *Mad Science*, Joseph Mangano strips away the near-smothering layers of distortions and outright lies that permeate the massive propaganda campaigns on behalf of nuclear energy. He explores the history of the industry, with its origins in the Manhattan Project, through its heightening promotion during the Cold War and its entwinement with nuclear weapons. *Mad Science* includes an account of nuclear accidents and meltdowns and their consequences, from Chernobyl

to Santa Susana and beyond; as well as a point-by-point refutation of pro-nuke arguments. Atomic energy is unsafe - it deals with staggeringly poisonous substances at every stage of its creation - un-economical in the extreme and impractical.

Problems of World War II and Its Aftermath: Postwar international organization, Relations with Italy - United States. Congress. House. Committee on Foreign Affairs 1976

Hiroshima - John Hersey 2020-06-23

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of *Hiroshima*.

Kaplan SAT Subject Test World History 2015-2016 - Kaplan 2015-03-03

Proven strategies, practice, and review to ace the SAT Subject Test World History. Getting into a top college has never been more difficult. The Ultimate World War II Quiz Book - Kieran Whitworth 2017-09-14

Published in association with the Imperial War Museums, this book will provide the ultimate challenge to even the most knowledgeable military historian. You might think you know a great deal about World War II but have you ever really tested your knowledge? This compelling book, published in association with Imperial War Museums, contains over 1,000 questions (and answers, if you need them) that cover every aspect of the Second World War, from its beginnings, through the widening of the conflict, the leaders and their strategies, armies, battles, weapons, bombing raids - everything to provide a real challenge to even the most committed history lover. With multiple-choice questions, truth or fiction sections to baffle and intrigue, picture quizzes from the Imperial War Museums' archive - one of the largest military photographic archives in the world - and much more, you will find there is still something new to learn about this compelling conflict, and your answers will be ranked accordingly.

The Lonely Crowd - David Riesman 1969

Abridged and revised with a Forward by professor Todd Gitlin, "The Lonely Crowd" is indispensable reading for anyone who wishes to understand the social character of the United States. Its now-classic analysis of the "new middle class" opens exciting new dimensions in our understanding of the psychological, political, and economic problems that confront the individual in contemporary American society.

The SAGE Encyclopedia of Abnormal and Clinical Psychology - Amy Wenzel 2017-03-16

Abnormal and clinical psychology courses are offered in psychology programs at universities worldwide, but the most recent major encyclopedia on the topic was published many years ago. Although general psychology handbooks and encyclopedias include essays on abnormal and clinical psychology, such works do not provide students with an accessible reference for understanding the full scope of the field. The SAGE Encyclopedia of Abnormal and Clinical Psychology, a 7-volume, A-Z work (print and electronic formats), will be such an authoritative work. Its more than 1,400 entries will provide information on fundamental approaches and theories, various mental health disorders, assessment tools and psychotherapeutic interventions, and the social, legal, and cultural frameworks that have contributed to debates in abnormal and clinical psychology. Key features include: 1,400 signed articles contained in 7 volumes and available in choice of print and/or electronic formats Although organized A-to-Z, front matter includes a Reader's Guide grouping related entries thematically Back matter includes a Chronology, Resource Guide, Bibliography,

and detailed Index Entries conclude with References/Further Readings and Cross-References to related entries The Index, Reader's Guide themes, and Cross-References between and among entries all combine to provide robust search-and-browse features in the electronic version.

An Unknown Future and a Doubtful Present - Charles E. Kirkpatrick 1991-04

CMH Pub. 93-10. 1st printing. On cover: World War 2 50th Anniversary Commemorative Edition. Spine title reads: Writing the Victory Plan of 1941. Describes the planning process that Major Albert Coady Wedemeyer used in the summer of 1941 to write the plan that became the outline for mobilization and operations during World War 2. Includes an appendix, "The Army Portion of the Victory Plan, Ultimate Requirements Study, Estimate of Ground Forces." Also includes photographs, footnotes, a bibliography, and an index.

Address of President Roosevelt at Chicago, Illinois, April 2 1903 - Theodore Roosevelt 1999-01-01

This Elibron Classics title is a reprint of the original edition published by the Government Printing Office in Washington, 1903.

Hemingway on War - Ernest Hemingway 2012-12-11

Ernest Hemingway witnessed many of the seminal conflicts of the twentieth century—from his post as a Red Cross ambulance driver during World War I to his nearly twenty-five years as a war correspondent for The Toronto Star—and he recorded them with matchless power. This landmark volume brings together Hemingway's most important and timeless writings about the nature of human combat. Passages from his beloved World War I novel, A Farewell to Arms, and For Whom the Bell Tolls, about the Spanish Civil War, offer an unparalleled portrayal of the physical and psychological impact of war and its aftermath. Selections from Across the River and into the Trees vividly evoke an emotionally scarred career soldier in the twilight of life as he reflects on the nature of war. Classic short stories, such as "In Another Country" and "The Butterfly and the Tank," stand alongside excerpts from Hemingway's first book of short stories, In Our Time, and his only full-length play, The Fifth Column. With captivating selections from Hemingway's journalism—from his coverage of the Greco-Turkish War of 1919-22 to a legendary early interview with Mussolini to his jolting eyewitness account of the Allied invasion of Normandy on June 6, 1944—Hemingway on War collects the author's most penetrating chronicles of perseverance and defeat, courage and fear, and love and loss in the midst of modern warfare.

Terrorism and Disaster Hardback with CD-ROM - Robert J. Ursano 2003-06-05

Experts assess the lessons learned from the most recent terrorist atrocities in terms of psychiatric interventions and sequelae.

Studies in Social Psychology in World War II ...: The American soldier: combat and its aftermath, by S. A. Stouffer and others - 1950

D-Day Invasion - iMinds 2014-05-14

The story behind D-Day begins in 1939 when Nazi Germany, led by Adolf Hitler, attacked Poland and ignited World War Two. The following year, the Germans occupied France and Western Europe and launched a vicious air war against Britain. In 1941, they invaded the Soviet Union. Seemingly unstoppable, the Nazis now held virtually all of Europe. They imposed a ruthless system of control and unleashed the horror of the Holocaust. However, by 1943, the tide had begun to turn in favor of the Allies, the forces opposed to Germany. In the east, despite huge losses, the Soviets began to force the Germans back.

The Psychological Perspectives of the Holocaust and of Its Aftermath - Randolph L. Braham 1988

Part of a collection of fundamental studies of various aspects of the Holocaust by the leading western scholar of the Holocaust.

The Book Thief - Markus Zusak 2007-12-18

#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME

The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her

stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of I Am the Messenger, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —The New York Times "Deserves a place on the same shelf with The Diary of a Young Girl by Anne Frank." —USA Today DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.

Roadmap To The Virginia Sol - Laura Schaefer 2005

Prepares students for the New Jersey High School proficiency assessment.

The Quest for the Nazi Personality - Eric A. Zillmer 2013-10-31

Half a century after the collapse of the Nazi regime and the Third Reich, scholars from a range of fields continue to examine the causes of Nazi Germany. An increasing number of young Americans are attempting to understand the circumstances that led to the rise of the Nazi party and the subsequent Holocaust, as well as the implication such events may have for today as the world faces a resurgence of neo-Nazism, ethnic warfare, and genocide. In the months following World War II, extensive psychiatric and psychological testing was performed on over 200 Nazis in an effort to understand the key personalities of the Third Reich and of those individuals who "just followed orders." In addressing these issues, the current volume examines the strange history of over 200 Rorschach Inkblot protocols that were administered to Nazi war criminals and answers such questions as: * Why the long delay in publishing protocols? * What caused such jealousies among the principals? * How should the protocols be interpreted? * Were the Nazis monsters or ordinary human beings? This text delivers a definitive and comprehensive study of the psychological functioning of Nazi war criminals -- both the elite and the rank-and-file. In order to apply a fresh perspective to understanding the causes that created such antisocial behavior, these analyses lead to a discussion within the context of previous work done in social and clinical psychology. Subjects discussed include the authoritarian personality, altruism, obedience to authority, diffusion of responsibility, and moral indifference. The implications for current political events are also examined as Neo-Nazism, anti-Semitism, and ethnic hate are once again on the rise. While the book does contain some technical material relating to the psychological interpretations, it is intended to be a scholarly presentation written in a narrative style. No prior knowledge of psychological testing is necessary, but it should be of great benefit for those interested in the Rorschach Inkblot test, or with a special interest in psychological testing, personality assessment, and the history of psychology. It is also intended for readers with a broad interest in Nazi Germany.

Final Report, Japanese Evacuation from the West Coast, 1942 - United States. Army. Western Defense Command 1943

Freedom Betrayed - George H. Nash 2013-09-01

Herbert Hoover's "magnum opus"—at last published nearly fifty years after its completion—offers a revisionist reexamination of World War II and its cold war aftermath and a sweeping indictment of the "lost statesmanship" of Franklin Roosevelt. Hoover offers his frank evaluation of Roosevelt's foreign policies before Pearl Harbor and policies during the war, as well as an examination of the war's consequences, including the expansion of the Soviet empire at war's end and the eruption of the cold war against the Communists.

The European Union - Kristin Archick 2019-09-15

The European Union (EU) is a political and economic partnership that represents a unique form of cooperation among sovereign countries. The EU is the latest stage in a process of integration begun after World War II, initially by six Western European countries, to foster interdependence and make another war in Europe unthinkable. The EU currently consists of 28 member states, including most of the countries of Central and Eastern Europe, and has helped to promote peace, stability, and economic prosperity throughout the European continent. The EU has been built through a series of binding treaties. Over the years, EU member states have sought to harmonize laws and adopt common policies on an increasing number of economic, social, and political issues. EU member states share a customs union; a single market in which capital, goods, services, and people move freely; a common trade policy; and a common agricultural policy. Nineteen EU member states use a common currency (the euro), and 22 member states participate in the Schengen area of free movement in which internal border controls have been eliminated. In addition, the EU has been developing a Common Foreign and Security Policy (CFSP), which includes a Common Security and Defense Policy (CSDP), and pursuing cooperation in the area of Justice and Home Affairs (JHA) to forge common internal security measures. Member states work together through several EU institutions to set policy and to promote their collective interests. In recent years, however, the EU has faced a number of internal and external crises. Most notably, in a June 2016 public referendum, voters in the United Kingdom (UK) backed leaving the EU. The pending British exit from the EU (dubbed "Brexit") comes amid multiple other challenges, including the rise of populist and to some extent anti-EU political parties, concerns about democratic backsliding in some member states (including Poland and Hungary), ongoing pressures related to migration, a heightened terrorism threat, and a resurgent Russia. The United States has supported the European integration project since its inception in the 1950s as a means to prevent another catastrophic conflict on the European continent and foster democratic allies and strong trading partners. Today, the United States and the EU have a dynamic political partnership and share a huge trade and investment relationship. Despite periodic tensions in U.S.-EU relations over the years, U.S. and EU policymakers alike have viewed the partnership as serving both sides' overall strategic and economic interests. EU leaders are anxious about the Trump Administration's commitment to the EU project, the transatlantic partnership, and an open international trading system—especially amid the Administration's imposition of tariffs on EU steel and aluminum products since 2018 and the prospects of future auto tariffs. In July 2018, President Trump reportedly called the EU a "foe" on trade but the Administration subsequently sought to de-escalate U.S.-EU tensions and signaled its intention to launch new U.S.-EU trade negotiations. Concerns also linger in Brussels about the implications of the Trump Administration's "America First" foreign policy and its positions on a range of international issues, including

Russia, Iran, the Israeli-Palestinian conflict, climate change, and the role of multilateral institutions. This report serves as a primer on the EU. Despite the UK's vote to leave the EU, the UK remains a full member of the bloc until it officially exits the EU (which is scheduled to occur by October 31, 2019, but may be further delayed). As such, this report largely addresses the EU and its institutions as they currently exist. It also briefly describes U.S.-EU political and economic relations that may be of interest.

State of the Union Addresses - Franklin D. Roosevelt 2022-06-02

The 1934 State of the Union Address was given by the 32nd president of the United States, Franklin D. Roosevelt. It was the first State of the Union address to be given in January. Excerpt: "Now that we are definitely in the process of recovery, lines have been rightly drawn between those to whom this recovery means a return to old methods—and the number of these people is small—and those for whom recovery means a reform of many old methods, a permanent readjustment of many of our ways of thinking and therefore of many of our social and economic arrangements... "

Guide for All-Hazard Emergency Operations Planning - Kay C. Goss 1998-05

Meant to aid State & local emergency managers in their efforts to develop & maintain a viable all-hazard emergency operations plan. This guide clarifies the preparedness, response, & short-term recovery planning elements that warrant inclusion in emergency operations plans. It offers the best judgment & recommendations on how to deal with the entire planning process -- from forming a planning team to writing the plan. Specific topics of discussion include: preliminary considerations, the planning process, emergency operations plan format, basic plan content, functional annex content, hazard-unique planning, & linking Federal & State operations.

Thinking Critically in College - Louis E. Newman 2023-03-07

Finally, a college prep book that actually prepares students for college! Almost all first-year college students discover that college courses are more academically challenging than they expected, and certainly harder than classes in high school. Professors expect students not just to absorb material, but to analyze and synthesize it, consider multiple perspectives, evaluate conflicting evidence, and then apply what they've learned in new contexts. Thinking Critically in College explains how to do all this and more. Louis E. Newman draws on decades of experience as a professor at Carleton College and Dean of Academic Advising and Associate Vice Provost for Undergraduate Education at Stanford, offering the guidance you need to succeed both in college and in life post-graduation. Unique among college prep books, Thinking Critically in College builds on the latest research in learning, spells out the key critical thinking skills you need, shows you how to tackle actual college assignments, and provides exercises throughout to reinforce the lessons. Written in a personal, engaging style, Thinking Critically in College explains how to do the work your professors will require—exactly the preparation you need, no matter what your academic background. Practical, accessible, comprehensive, and interactive, Thinking Critically in College is the definitive guide, not only for those in college or headed there, but for everyone who needs a refresher on thinking clearly.
