The co-owners of the Frontera Grill, Topolobampo, and XOCO share recipes for 35 new and classic margaritas, guacamoles to sample every month of the year and nut and vegetable snacks. 70,000 first printing.

Amnesty International Report 2008 - Amnesty International 2008

This annual report documents human rights abuses by governments and armed opposition groups in 150 countries across the world. It provides an invaluable reference guide to international human rights developments.

The Gifts of the Year - Jane Van Cleef 2021-11-02

A story of celebration with the characters of Hazel Village.

Aviation Mental Health - Todd Hubbard 2016-04-15

This book provides an authoritative and practical guide to the assessment, management, treatment and care of pilots and other professional groups within aviation; covering a range of relevant topics, for health and human resources practitioners working in the airline industry. Pilot mental health has, hitherto, been regarded as a specialist topic in aviation medicine. Consequently, practitioners and researchers alike have been forced to consult specialist journals or seek out a relevant chapter on this topic in a general textbook to develop or update their understanding of the relevant issues. This book seeks to remedy this situation by gathering together all of the relevant insights into a single authoritative source gathered from the leading specialists in the field. It aims to cover all of the main relevant issues including the assessment, care, management and treatment of mental health problems, as well as the prevention of mental health problems among this occupational group.

Sugar: The World Corrupted: From Slavery to Obesity - James Walvin 2018-04-03

The modern successor to Sweetness and Power, James Walvin's Sugar is a rich and engaging work on a topic that continues to change our world. How did a simple commodity, once the prized monopoly of kings and princes, become an essential ingredient in the lives of millions, before mutating yet again into the cause of a global health epidemic? Prior to 1600, sugar was a costly luxury, the domain of the rich. But with the rise of the sugar colonies in the New World over the following century, sugar became cheap, ubiquitous and an everyday necessity. Less than fifty years ago, few people suggested that sugar posed a global health problem. And yet today, sugar is regularly denounced as a dangerous addiction, on a par with tobacco. While sugar consumption remains higher than ever—in some countries as high as 100lbs per head per year—some advertisements even proudly proclaim that their product contains no sugar. How did sugar grow from prize to pariah? Acclaimed historian James Walvin looks at the history of our collective sweet tooth, beginning with the sugar grown by enslaved people who had been uprooted and shipped vast distances to undertake the grueling labor on plantations. The combination of sugar and slavery would transform the tastes of the Western world. Masterfully insightful and probing, James Walvin reveals the relationship between society and sweetness over the past two centuries—and how it explains our conflicted relationship with sugar today.

Trendy Triangles - Annie's 2015-09-07

Take yourself on a pinwheel journey. Learn how to make unique pinwheels starting with the easy and working your way up to more challenging. Let these 8 unique quilts inspire you to stitch new and exciting

quilted projects. You'll never think of pinwheel blocks in the same way once you explore these possibilities. Tutorial sidebars included in this book: 1. Spinning Centers to Reduce Bulk 2. Triangle Alignment 3. Using Half-Square Triangle Piecing Papers 4. Using a 60-Degree Triangle Ruler

Frontline Leadership - The Hurdle - David McPeak 2021-09-14

It's hard to jump over a hurdle from a standing position. And leadership has its share of hurdles. Like a track athlete needs to focus on their run up, which includes preparation and training, to jump over hurdles, leaders must have an effective run up to overcome their hurdles. This book discusses the run up of culture creation and developing relationships while defining what leadership is and outlining characteristics and skills shared by successful leaders. Readers will develop a more complete definition of leadership through insights, principles, and scenarios shared throughout the book and walk away with an understanding of how to practice leadership and maximize their effectiveness and potential. Topics covered include sources of leadership and how it is measured; creating alignment and culture; leadership styles; emotional intelligence and decision making; effective communication; coaching and feedback; developing relationships; leading change; and teaching and training. Readers will be exposed to powerful lessons on balancing influence and authority and taking full ownership and responsibility for their team. They will learn how to favor positives and proaction over negatives and reaction and focus more on asking than telling. They will also learn to avoid the pitfalls of basing consequences on results alone and decisions made based on comfort and convenience. Doctors practice medicine and leaders must practice leadership. This entertaining, insightful, and inspiration book identifies leadership as a skill and explains how it can be learned, practiced, and improved. Read it and learn what it takes to create an effective leadership run up, overcome hurdles, and take leadership to the next level.

The Ba'al Theory of Christianity - Glenn Young 2017-02-10

While much has been offered to "demystify" or "deconstruct" Christianity - The Ba'al Theory of Christianity takes this evaluation into a field that has not been truly explored - the origins of one of the cornerstones of Christianity - God sacrificed his only begotten son. This work projects this concept comes from the long forgotten or ignored impact of the Phoenician religion and their ancient valuing of human sacrifice (specifically child sacrifice.) To present the argument - this work looks at the origins of human sacrifice; the extensive expansion of its use through the highly influential religion of Phoenicia and its colonies (such as Carthage); and later - the extensive struggle over the valuing of human sacrifice as societies tended to move away from the act. As part of a new evaluation of the history this work offers the theory, that the key political events of the times were in part a struggle between those who practiced and valued human sacrifice - and those who had moved away from the overt ritual. The work looks at the religious impacts of such political events as the destruction of the ancient states of Judea and Israel; the destruction of the Phoenician empire by the Greeks and Romans; and the impact of the re-establishment of the state of Judah. At its core, the Ba'al Theory speculates that after their destruction, the Ba'alist had religion reforms somewhat similar to the well known religious reforms among the followers of Yahweh which happened during the "Babylonian exile" - where "worshipers of Yahweh" became "Jews." The difference in the reform efforts was that the Yahweh worshipers came to blame their destruction on the practice of human sacrifice; and completely rejected it. After their destruction, the followers of Ba'al, also reformed their religion - not by abandoning the value of child sacrifice but by transforming the actual child sacrifice into a "virtual act" -

one great on-going human sacrifice that ended the need for any more overt acts. (or the function of the Catholic Mass) This work speculates that the repressed follower of Ba'al, in this time of political crisis, transformed or morphed their well known ancient foundation story about the god El, taking his only begotten son, and after making him a king, sacrificed him - a tale that goes back some 8,000 years. This updated version was placed in their current time with different names - but the same story. This transformation became the story of Jesus. But the work does not stop with the impact of child sacrifice on the development of Christianity - it also looks at other influences of the religion of Phoenicia- including how Greek and Roman religions morphed out of Ba'alism - with Zeus and Jupiter being a morphed version of Ba'al. And how 150 years before Constantine, Rome had a emperor who declared Ba'al the one true god, and who performed human sacrifices. The work also looks at how Ba'alims influenced so many other cultures, including the Celts. (worshipped the god Bel; burned people as part of their rituals) And how Judaism was created mainly based on complete rejection of values of Ba'alism. As a part of this process this work speculates how it is likely the original story Abraham sacrificed Isaac because it would have been standard for their time. - Only later with the anti-sacrifice movement did the story "morphed". The work goes on to look at how this valuing of human sacrifice was morphed under Christian rule - to create the Auto de Fe's of Spain and the witch burning craze in Europe. The work projects that these events were morphed versions of the ancient rites of burning people to appease a god. The Ba'al Theory covers all these points and more in an effort to bring to light a repressed history of a very important religion of ancient times - and the impact of this religion in the most unexpected places - including the very foundation of the Christian religion - that being God sacrificed his only begotten son.
Drukwerk - Karel Martens 1996

I Will Survive - Gloria Gaynor 2014-03-11

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Airline Economics - George W. James 1982

Gifted - Jaimie Milner 2021-09-14

Gifted is a book by photographer Jaimie Milner featuring the photographs and interviews of black men across the United States. It explores the identity, thoughts and ideas of black men in America.

Junior Theory Level 1 - Joyce Ong 2011-01-01

Junior Theory Level 1 - a foundational music theory book specifically designed for children aged 4-7.

Debates in British Politics Today - Lynton J. Robins 2000

The contents focus directly on the dynamics of political argument in order to reveal how rival politicians and political scientists practice their persuasive art. Each contributor explores a disputed viewpoint, showing how differences of attitude and ideology structure the contemporary debate. Students should learn how an argument is constructed and develop the skills necessary for separating rhetoric from political reality. Further guidance is provided by summary boxes and suggested additional reading.

Sociology Unlocked - Sara Cumming 2020-02-14

Authentic. Applied. Accessible for all. Your key to unlocking sociology. Striking a key balance between accessible and rigorous through its narrative writing style, relatable real-world examples, engaging integrated activities, extensive pedagogy, and coverage of theory in every chapter, Sociology Unlocked speaks directly to students to help unlock their sociological imaginations.

Concise World Atlas - DK Publishing 2010-12-20

Find out all about our world today with the new edition of this reference atlas From the defining boundaries of the Balkan states to the icy terrain of Antarctica over 400 maps created with the latest digital mapping techniques and satellite data are combined to bring you Earth in more detail than ever before. Terrain models reveal physical features, while informative text, photographs and diagrams provide a superb overview of the physical, political, economic and demographic geography of the world. Detailed fact files on all 193 nations, including each region's land use, industrial activities and population distribution. Plus a 75,000 index-gazetteer makes this an essential desktop reference for business, home, or school use. Visit www.dk.com/worldfactfile to find out more about the world's 193 countries, from maps and historical information to up-to-date statistics.

Nature and History in Modern Italy - Marco Armiero 2010-08-31

Marco Armiero is Senior Researcher at the Italian National Research Council and Marie Curie Fellow at the Institute of Environmental Sciences and Technologies, Universitat Autònoma de Barcelona. He has published extensively on Italian environmental history and edited Views from the South: Environmental Stories from the Mediterranean World. --

The Athenian Trireme - J. S. Morrison 2000-07-20

New edition of the technical and historical background to the reconstruction of a Greek warship.

IB Prepared: French B - 2020-01-31

Supporting Oxford's new Course Book, this fully-updated Skills and Practice text uses a range of interactive activities to build and consolidate vital assessment skills - maximizing achievement.

Complete Atlas of the World, 3rd Edition - DK 2016-05-17

Complete Atlas of the World, 3rd Edition is now fully revised and updated to reflect the latest changes in world geography, including the annexation of Crimea and the new nation of South Sudan. Bringing each featured landscape to life with detailed terrain models and color schemes and offering maps of unsurpassed quality, this atlas features four sections: a world overview, the main atlas, fact files on all the countries of the world, and an easy-to-reference index of all 100,000 place names. All maps enjoy a full double-page spread, with continents broken down into 330 carefully selected maps, including 100 city plans. You will also find a stimulating series of global thematic maps that explore Earth's place in the universe, its physical forms and processes, the living world, and the human condition. From Antarctica to Zambia, discover the Earth continent-by-continent with Complete Atlas of the World, 3rd Edition.

Starspeak - Dawn Henderson 2012-12-01

Messages of ascension, love, contact and more in the words of our star brothers and sisters. We are moving through a time of massive change, unprecedented in recorded memory, a time in which life as we know it is being turned upside down. But we do not have to travel through this often confusing and disorientating process alone, for from across the galaxies our star brothers and sisters have gathered to help us through this transformation. Many people on Earth are now being contacted by these loving beings, receiving their words of guidance, encouragement and reassurance to share with those who as yet do not hear them. This book contains some of these messages, received by the author from the star beings of light, messages that are filled with the love and wisdom of the universe. Dawn Henderson is an author, channel and spiritual teacher who lives in the ancient mystical landscape of Wiltshire, England.

Moon Luck - Wayne Scott W. Harral 2021-09-29

If you have noted the recent news and celebration of the 50th anniversary of the Moon landing, then there should be little doubt that within the next ten years, we will return to the Moon. In twenty years, there will be one or more active stations permanently located on the Moon. Very likely, both the Western countries and the Chinese will be there. Also, very likely, the venture to the Moon will be the result of a cooperative arrangement among NASA, the European Space Agency, and companies such as SpaceX.

Moon-face and Other Stories - Jack London 1906

JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways - robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Hope Prevails - Dr. Michelle Bengtson 2016-08-16

Neuropsychologist Offers Hope to Those Struggling with Depression As a board-certified neuropsychologist, Dr. Michelle Bengtson sees the devastation of depression. Early on, she practiced the most effective treatments and prescribed them for her clients. But when she experienced depression herself, she found that the treatments she had recommended were lacking. Her experience showed her the missing component in treating depression. In *Hope Prevails*, Dr. Bengtson writes with deep compassion, blending her training and faith, to offer readers a hope grounded in God's love and grace. She helps readers understand what depression is, how it affects them spiritually, and what, by God's grace, it cannot do. The result is an approach that offers the hope of release, not just the management of symptoms. For those who struggle with depression and those who want to help them, *Hope Prevails* offers hope for the

future.

101 Life Skills Games for Children - Bernie Badegruber 2005

"Collection of games aimed at enhancing children's self-awareness and social and emotional skills, helping them understand and deal with problems in daily interactions with other children and adults"--Provided by publisher.

Transportation in a Climate-constrained World - Andreas Schäfer 2009

A discussion of the opportunities and challenges involved in mitigating greenhouse gas emissions from passenger travel.

Project Idea Book - Emery Mills Publishing 2020-11-09

Project Idea Book ? Lined Journal ? 6" x 9" ? 300 pages ? College ruled ? Glossy Red Cover ? Whether you're planning projects around the house, for work, or you just want to collect your thoughts in one location - this notebook makes a great place to write it all down. It's also a great gift for the "planner" in your life!

Innovations in Social Marketing and Public Health Communication - Walter Wymer 2015-10-06

This volume presents the most current theoretical advances in the fields of social marketing and public health communications. The volume is divided in two parts. Part 1 contains chapters pertaining to research and theory reflecting improvements and contributions to theories that help improving quality of life. It includes literature reviews, conceptual research and empirical studies on social marketing communications, models to understand individual's risky behaviors, and how to improve social interventions. The second part emphasizes applied research, consisting of best practices, applied experiments, and case studies on social marketing innovative practices with implications for quality of life.

The Sacred Executioner - Hyam Maccoby 1982

My Dog Eats Better Than Your Kids - Peter Dingle 2008

The foods we feed our children and what we eat now will determine our disease patterns in the future. This colourfully illustrated book written in an easy to understand manner tells the story of what we should be eating and why and how we can all reach our optimal health.
