## **Pendidikan Anak Dalam Islam yang Komprehensif** - Abdulah Nashih Ulwan

Yang dimaksud dengan pendidikan akal adalah pembentukan pikiran anak dengan setiap yang bermanfaat; yaitu aneka ilmu agama, kebudayaan ilmiah dan terkini, penguasaan pikiran dan kemajuan .. hingga si anak matang secara pikiran dan terbentuk secara ilmiah dan kebudayaan. Tanggung jawab ini tak kalah tinggi dan pentingnya dari aneka tanggung jawab yang telah disebutkan: keimanan, akhlak, dan tubuh; pendidikan keimanan itu fondasi, pendidikan jasmani itu persiapan dan pembentukan, pendidikan akhlak itu pembentukan dan pembiasaan .. sedangkan pendidikan akal itu adalah penguasaan, pencerdasan dan pengajaran .. Empat tanggung jawab ini dan aneka tanggung jawab lainnya yang akan kita sebutkan itu saling membantu, mengikat dan menguatkan dalam membentuk anak yang lengkap, dan pendidikannya yang sempurna agar menjadi manusia yang lurus yang melaksanakan kewajiban, melaksanakan risalah, dan menegakan tanggung jawab .. maka alangkah baiknya keimanan saat ia bersaudarakan pikiran, dan alangkah indahnya akhlak saat ia mengiringi kesehatan!!.. dan alangkah agungnya anak saat ia berangkat untuk kehidupan ilmiah dan telah sungguh-sungguh diperhatikan para pendidik dari setiap segi, dan telah meliputi dengan arahannya, pendidikannya, dan persiapannya dari setiap sisi!!.. Jika mesti menjelaskan beberapa pase yang wajib ditempuh oleh para pendidik dalam setiap tanggung jawab yang mereka laksanakan

pada anak .. maka saya berpandangan bahwa tanggung jawab mereka dalam mendidik akal teringkas dalam hal-hal berikut: Kewajiban Pengajaran Penyadaran Intelektual Kesehatan Akal *Southeast Asia in the Age of Commerce, 1450-1680* - Anthony Reid 1988 Vol. 1.

*Refracted Visions* - Karen Strassler 2010-03-30

A young couple poses before a painted backdrop depicting a modern building set in a volcanic landscape; a college student grabs his camera as he heads to a political demonstration; a man poses stiffly for his identity photograph; amateur photographers look for picturesque images in a rural village; an old woman leafs through a family album. In *Refracted Visions*, Karen Strassler argues that popular photographic practices such as these have played a crucial role in the making of modern national subjects in postcolonial Java. Contending that photographic genres cultivate distinctive ways of seeing and positioning oneself and others within the affective, ideological, and temporal location

of Indonesia, she examines genres ranging from state identification photos to pictures documenting family rituals. Oriented to projects of selfhood, memory, and social affiliation, popular photographs recast national iconographies in an intimate register. They convey the longings of Indonesian national modernity: nostalgia for rural idylls and “tradition,” desires for the trappings of modernity and affluence, dreams of historical agency, and hopes for political authenticity. Yet photography also brings people into contact with ideas and images that transcend and at times undermine a strictly national frame. Photography’s primary practitioners in the postcolonial era have been Chinese Indonesians. Acting as cultural brokers who translate global and colonial imageries into national idioms, these members of a transnational minority have helped shape the visual contours of Indonesian belonging even as their own place within the nation remains tenuous. *Refracted Visions* illuminates the ways that everyday photographic practices generate visual habits that in turn give rise to political subjects and communities. **Realizing the Dream of R.A. Kartini** - Joost Coté 2008

*Realizing the Dream of R. A. Kartini: Her Sisters' Letters from Colonial Java* presents a unique collection of documents reflecting the lives, attitudes, and politics of four Javanese women in the early twentieth century. Joost J. Coté translates the correspondence between Raden Ajeng Kartini, Indonesia's first feminist, and her sisters, revealing for the first time her sisters' contributions in defining and carrying out her ideals. With this collection, Coté aims to situate Kartini's sisters within the more famous Kartini narrative-and indirectly to situate Kartini herself within a broader narrative. The letters reveal the emotional lives of these modern women and their concerns for the welfare of their husbands and the success of their children in rapidly changing times. While by no means radical nationalists, and not yet extending their horizons to the possibility of an Indonesian nation, these members of a new middle class

nevertheless confidently express their belief in their own national identity. *Realizing the Dream of R. A. Kartini* is essential reading for scholars of Indonesian history, providing documentary evidence of the culture of modern, urban Java in the late colonial era and an insight into the ferment of the Indonesian nationalist movement in which these women and their husbands played representative roles.

[The Land of Five Towers \(English Edition\)](#) - A. Fuadi 2013-12-17

"Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase *man jadda wajada*. He who gives his all will surely succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. *The Land of Five Towers* is the first book in a trilogy written by A. Fuadi—a former

TEMPO & VOA reporter, photography buff, and a social entrepreneur. He went to George Washington University and Royal Holloway, University of London for his masters. A portion of the royalties from the trilogy are intended to build Komunitas Menara, a volunteer-based social organization which aims to provide free schools, libraries, clinics and soup kitchens for the less fortunate. Manga - Paul Gravett 2004-08-03

Japan's output of manga is massive, accounting for a staggering forty percent of everything published each year in the country. Outside Japan, there has been a global boom in sales, with the manga aesthetic spreading from comics into all areas of Western youth culture through film, computer games, advertising, and design. *Manga: Sixty Years of Japanese Comics* presents an accessible, entertaining, and highly-illustrated introduction to the development and diversity of Japanese comics from 1945 to the present. Featuring striking graphics and extracts from a wide range of manga, the book covers such themes as the specific attributes of manga in contrast to American and European comics; the life and career of Osamu Tezuka, creator of *Astro Boy* and originator of story manga; boys' comics from the 1960s to the present; the genres and genders of girls' and women's comics; the darker, more realistic themes of *gekiga* -- violent samurai, disturbing horror and apocalyptic science fiction; issues of censorship and protest; and manga's role as a major Japanese export and global influence.

*D-Day 6 Juni 1944* - Stephen E. Ambrose

D-Day adalah cerita epik manusia pada suatu momen yang paling menyita tenaga fisik, mental, dan pikiran dalam hidup mereka, ketika kengerian dan ketakutan, keruwetan dan kerumitan, serta kemenangan dan kejayaan kehidupan Tergolek dengan nyata. Sejarahwan ternama Stephen E. Ambrose melukiskan Wajah-Wajah keberanian dan heroisme, ketakutan, dan keteguhan tekad - apa yang disebut Eisenhower dengan Kemarahan/kegeraman Arus Demokrasi yang sedang bergerak/tumbuh-

yang membentuk kejayaan tentara sukarela yang diremehkan oleh Hitler. Ambrose, yang mengadakan lebih dari 1.400 hasil wawancara dengan Veteran Amerika, Inggris, Kanada, Perancis, dan Jerman mengungkapkan bagaimana rencana-rencana awal untuk melakukan invasi harus ditinggalkan, dan bagaimana para tamtama dan para perwira junior bertindak dengan inisiatif sendiri ketika mereka sadar bahwa apa yang mereka (para petinggi militer) katakan ternyata sama sekali tidak seperti apa yang akan terjadi.

**Sex in China** - Fang Fu Ruan 2013-11-22

China today is sexually (and in many other ways) a very repressive society, yet ancient China was very different. Some of the earliest surviving literature of China is devoted to discussions of sexual topics, and the sexual implications of the Ym and Yang theories common in ancient China continue to influence Tantric and esoteric sexual practices today far distant from their Chinese origins. In recent years, a number of

books have been written exploring the history of sexual practices and ideas in China, but most have ended the discussion with ancient China and have not continued up to the present time. Fang Fu Ruan first surveys the ancient assumptions and beliefs, then carries the story to present-day China with brief descriptions of homosexuality, lesbianism, transvestism, transsexualism, and prostitution, and ends with a chapter on changing attitudes toward sex in China today. Dr. Ruan is well qualified to give such an overview. Until he left China in the 1980s, he was a leader in attempting to change the repressive attitudes of the government toward human sexuality. He wrote a best selling book on sex in China, and had written to and corresponded with a number of people in China who considered him as confidant and advisor about their sex problems. A physician and medical historian, Dr. Ruan's doctoral dissertation was a study of the history of sex in China.

**Sex and Race, Volume 1** - J. A. Rogers 2014-09-15

In the Sex and Race series, first published in the 1940s, historian Joel Augustus Rogers questioned the concept of race, the origins of racial differentiation, and the root of the "color problem." Rogers surmised that a large percentage of ethnic differences are the result of sociological factors and in these volumes he gathered what he called "the bran of history"—the uncollected, unexamined history of black people—in the hope that these neglected parts of history would become part of the mainstream body of Western history. Drawing on a vast amount of research, Rogers was attempting to point out the absurdity of racial divisions. Indeed his belief in one race—humanity—precluded the idea of several different ethnic races. The series marshals the data he had collected as evidence to prove his underlying humanistic thesis: that people were one large family without racial boundaries. Self-trained and self-published, Rogers and his work were immensely popular and influential during his day, even cited by Malcolm X. The books are presented here in their original editions.

**Sejarah Cinta** - Diane Ackerman

Cinta memaksa Ovid menderita dan Stendhal disiksa dengan indah. Bagi Plato, cinta berarti kerinduan diri-kedua yang terbelah. Bagi ilmuwan zaman ini, cinta mungkin suatu koktail biokimia berisi oksitosin dan feniletilamin. Ackerman menjelajahi sejarah, sastra, biologi, dan budaya pop dalam mencari "yang maha tak terpahami." Ia menyandingkan Cleopatra dengan Abelard dan Helois, Freud dengan Blade Runner. Ia mengeksplorasi daya tarik perselingkuhan, daya pikat afrodisiak (termasuk ramuan orang Romawi yang terbuat dari isi perut ikan busuk), dan kultus ciuman. Ia mengungkap rahasia para pencinta yang tak pernah terpuaskan seperti Casanova dan Don Juan sambil membuka trauma keseluruhan masyarakat yang kehilangan kemampuannya untuk mencintai. Ditulis dengan memikat, diungkapkan dengan indah, Sejarah Cinta adalah hal terbaik berikutnya bagi cinta itu sendiri, sebuah buku yang membelai, menggetarkan, dan menggembirakan. \* "Ditulis dengan ceria, serius, puitis dan saintifik, diambil dari banyak sekali sumber, Ackerman telah meringkas yang maha tak terkatakan itu: cinta." Los Angeles Daily News "Bahasa Ackerman sangatlah kaya selain juga sensual. Bahan yang dikumpulkannya dari lembar-lembar sejarah sungguh menggetarkan." Columbus Dispatch

**Surat Terbuka untuk Bangsa Kristen** - Sam Harris 2008

"Gagasan bahwa Yesus Kristus mati untuk menebus dosa kita dan kematiannya merupakan pengorbanan yang sukses untuk Tuhan yang 'penuh kasih' adalah warisan perselisihan berbau takhayul... yang menghantui orang-orang bingung sepanjang sejarah..." Buku The End of Faith (2004) menggegerkan dunia Kristen. Protes pun menyeruak. Ribuan umat Kristiani melayangkan surat kepada penulisnya, Sam Harris. Mereka mencela dan mengecam Harris karena "menentang" ajaran Kristen. Surat Terbuka untuk Bangsa Kristen adalah respons atas surat-surat tersebut. Di dalamnya, Harris menangkis protes yang ditujukan kepadanya. Mengupas topik-topik mutakhir terutama menyangkut relasi agama dan kekerasan, dia menyangkal dengan telak keyakinan kaum fundamentalis Kristen. Buku kecil ini menyodorkan informasi sekaligus kritik pedas ihwal dominasi Kristen konservatif di

banyak lini kehidupan publik di Amerika Serikat. Lebih dari itu, karya ini mengabarkan bahwa fundamentalisme agama tak melulu monopoli Islam. Bacalah "surat" ini, dan Anda akan paham alasan teologis di balik invasi AS ke Irak, atau Afghanistan.
